ACKNOWLEDGEMENTS

Offering thanks is not merely a lip service but a heartfelt feeling. Though it does not need any formal announcement or exaggeration of expression yet it is customary to appreciate or express gratitude for the services and help rendered by others. It is my proud privilege to express sincere gratitude to my respected guide Dr. Raminder Singh for his untiring and unreserved help, keen interest and guidance rendered to me during the course of study. His constructive criticism, observation and words of wisdom have been constant source of inspiration for me during this research work, which helped achieve my goal.

I owe my sincere thanks to Dr. Kulwinder Singh, Associate Professor, Department of Education & Community Services, Punjabi University, Patiala for his scholarly suggestions and sympathetic attitude.

Language seems to be too inadequate to express my feelings of indebtedness to my parents and family whose blessings, inspiration, advice, good wishes encouragement and affection acted as premium to my achievement. I also thank my friends for their humor and friendship.

A grateful acknowledgement is made to all the Principals, Teacher Educators, Teacher Trainees and Parents who spared their precious time from their hectic schedule to fill the interview schedules with keen zeal and fervour. The study of such an empirical nature would not have been possible without their cooperation.

I wish to express my sincere appreciation to all the authors whose works I have consulted frequently and quoted freely in my research report.
