I express my profound sense of gratitude and indebtedness to **Dr. I.V. Ramana Reddy**, Professor of Civil Engineering Department, S.V.U. College of Engineering, Tirupati for having received from him inspiration, encouragement, help and guidance with affection, to carry out the research work successfully as thesis supervisor.

My heart knows no bounds in expressing deep sense of gratitude to **Dr. H. Sudarsana Rao**, Rector, J.N.T. University Anantapur, Anantapur for his valuable guidance and constant encouragement during the research work and devoting his valuable time for reading, reviewing this thesis work as co-supervisor.

I am very much grateful to **Professor K. Lal Kishore**, Vice-Chancellor of Jawaharlal Nehru Technological University, Anantapur for his encouragement and co-operation.

I am very much thankful to **Prof. K. Hemachandra Reddy**, Registrar of Jawaharlal Nehru Technological University, Anantapur for his encouragement and co-operation.

I am very much thankful to **Prof. K.S.R. Anjaneyulu**, Principal, J.N.T.U.A. college of Engineering, Anantapur for his encouragement and co-operation.

I express my sincere thanks to **Prof. K.B. Chandra Sekhar**, Director R & D, J.N.T. University Anantapur, Anantapur for his encouragement and co-operation.

I am very much grateful to **Prof. V. Bhaskar Desai**, Director ICS, J.N.T. University, Anantapur for his help and his valuable suggestions throughout this work.
My heartful thanks to my dear brother Dr. C. Sashidhar, HOD, Civil Engineering Dept., J.N.T.U.A. College of Engineering Anantapur for his constant support and profound help during the course of this work.

I remember forever Dr. T. Balanarasaiah, Assoc. Prof., Chemical Engg., IST., J.N.T.U.H, Prof. D. Jayprakash, Director, Central analytical facility lab, University college of chemical technology, Osmania University, Hyderabad and Sri B. Sammaiah, Technician, Central analytical facility lab, University college of chemical technology, Osmania University, Hyderabad for the help rendered in conducting XRD and SEM studies.

I sincerely remember the help rendered by Sri G. Shaffi, lecturer in chemistry, Govt. Arts College, Anantapur and Dr. Y. Sivachandra, Lecturer in chemistry, Govt. Arts college, Anantapur during the course of this work.

I am very much thankful to all my colleagues at J.N.T.U.A. College of Engineering, Anantapur, who have been very co-operative during this period. In particular I am very much greatful to Dr. P. R. Bhanumurthy, Director foreign affairs & Alumni matters, Dr. S. Krishnaiah, Prof. civil Engg. Dept., Dr. G. Vaishali Ghorpade, Asso.prof. and Placement officer, Smt. R. Bhavani, Asst. Prof. Civil Engg. Dept., Smt. B. Ajitha, Asst. Prof. Civil Engg. Dept., Dr. N. V. Ramana, Asst. Prof. Civil Engg. Dept. and Adhoc lecturers for their co-operation and encouragement throughout this work.

I am very thankful to Sri N. Siva Linga Rao, Technical Assistant, S.M. and concrete lab and other non-teaching staff of Civil Engg. Dept. for their co-operation and encouragement throughout this work.
My soulful acknowledgements to my father-in-law Late Sri Jetti Venkataramana, mother-in-law J.Laksmidevi, my father Eluru Yanganna and my mother E.Suseelamma without whose blessings I could not have attained this stage.

My soulful acknowledgements to my dearest and beloved husband Jetti Venkateswarlu, my son J.Sreekar Desik and daughter J.Sai Dhanya for their immense and continuous encouragement, forbearance and cheerful company throughout this work.

I extend my soulful acknowledgements to all my Teachers without whose blessings I could not have attained this stage.

Finally, I extend my greatful thanks to the God, Almighty for giving me the strength and ability to carry out my doctoral work by showering his blessings during times of difficulty.

I thank one and all, who helped me directly or indirectly for completing this research work.

(E.ARUNAKANTHI)
