I will be failing in my duty if I forget to make a special reference to my friend Prof. Prakash Kalavire and his family for their unstinted support during the research period. Thanks are due to Prof. Kalavire and family, our steering force.

I remember with gratitude my friends Prof. Sadashiv Chougule, Prof. Arun Jadhav, Prof. Mukund Haladkar, Prof. Kashinath Chavan, Prof. Lala Gaikwad, Prof. R.S. The moral support derived from my elder brothers, Shri Malhari Goral and Shri Subhash Goral, my co-brother Shri Sharad and Manik Honagekar and mother-in-law Sou. Sushila Honagekar, throughout my career cannot be explained in mere words. My research work often pushed my family responsibilities into second place and meant added strain on my wife Madhuri. I must mention the tremendous forbearance shown by her and incessant patience she has borne with me throughout the period of my research study. She cheerfully shouldered the entire family responsibility when I was busy, most of the time, with my research work. It would have been impossible for me to complete the research work without her ungrudging support. My son ‘Samarth’ and daughter ‘Kushal’ were real help and showed their maturity during the entire research period in particular and my career in general. They bore the pain of desertion and uncaringness with the right spirit, though very young.

Last, but not the least I thanks Prof. Ram Naik and Shri Nandkumar Desai who honestly and sincerely contributed towards the typing the research thesis in the most efficient and professional way in the neatest form within time.

Lastly, I am thankful to all those, who have helped me directly, or indirectly in one way or the other, during the course of this research work.
