ACKNOWLEDGEMENT

I acknowledge with great sincerity my gratitudes to Dr. Shabbir H. Josh of Marathwada College of Education, Aurangabad for his constant persuasion, inspiration and guidance in completing this research project. But for his motivation and sympathetic attitude this work would not have completed.

My deep sense of gratitude also goes to late Dr. H. K. Khanapurkar under whom I started doing this work. He took great pains and he was always a source of inspiration. After he left for heavenly abode Smt. (Dr.) U. H. Khanapurkar tried to relive my spirit to complete this project and always encouraged me. I sincerely thank her.

The Education Officers of Osmanabad and Latur too deserve my thanks. Without their letters for Cooperation it would have been impossible to do any research work.
The Heads of schools, teachers and pupils cannot be ignored and if don't express my special thanks it would be great injustice to them. I thank each one of them.

Principal D. D. Sase and S.S.V. Sanstha, Kolhapur were always very cooperative. The Principal's sympathetic attitude was source of encouragement. I thank him with all sincerity.

My special thanks are due to my wife Mrs. Vasanti who was always at my back and call and everready to help me. Without her moral support I don't think I could complete this work. My children equally share with me their small but certainly encouraging efforts. I thank them.

Last but not least I thank Shri Anwar Ali Baig for taking great pains in typing out this thesis.

Aurangabad. Ramesh Vasantrao Patil.
