ACKNOWLEDGMENTS

I deem it a great privilege and pleasure to express my deep sense of gratitude and indebtedness to my research supervisor and head of the Department of Physics Prof. S. Uthanna, Department of Physics, for his inspiring guidance, incisive and constructive criticisms, thought provoking discussions and incessant encouragement throughout the course of my research work.

With profound feelings, I express my sincere thanks to Prof. Y.C. Ratnakaram, Head of the Department, Prof. K.T. Ramakrishna Reddy, Prof. O. Md. Hussain and Prof. P. Sreedhara Reddy, Thin Film Laboratory, Department of Physics, for their valuable advices and veritable criticisms during the entire course of this work.

My deep delved thanks to Dr. A. Sivasankar Reddy, Advanced Materials Engineering Division, Kongju National University, South Korea for their help in characterizing the samples using AFM and sparing his valuable suggestions.

I would like to thank all the teaching and non-teaching staff of the Physics department and all those who helped me directly and indirectly in completing this work.

It is my pleasure to acknowledge the cheerful company and assistance of my research colleagues Dr. M. Hari Prasad Reddy, Dr. M. Chandra Sekhar, Mr. P. Kondaiah, Mrs. V. Madhavi, Mr. A. Sreedhar, Mr. S. Subbarayudu, Mr. B. Venkata Rao, Mr. A. Suresh, Mr. P. Sankar Naik, Mr. K. Ramamohan, Mr. N. Kiran and all research scholars in the Department of Physics, Sri Venkateswara University, Tirupati for their encouragement and help at times of need.

I am highly indebted to my parents Late Sri. R. Jayarami Reddy and Smt. R. Subbamma, uncle K. Nagi Reddy, brother R. Venka Siva Reddy, sister K. Nageswaramma, sister-in-laws, brothers and brother-in-laws without their help I could not attained to this stage.

Finally, I express my gratitude to the authorities of Sri Venkateswara University for providing the necessary facilities.

R. SUBBA REDDY
