ACKNOWLEDGEMENTS

I am pleased to express my heartfelt thanks to my scholarly guide Dr. A. Michael, Reader and Head, Department of Microbiology, P.S.G College of Arts and Science, Coimbatore. His omniscient experience and profound knowledge in the field of Microbiology helped me in completing my research work in Microbiology. This work could not have been accomplished without his paragon guidance, vivacious encouragement and critical evaluation. I would like to record my deepest sense of gratitude and indebtedness to him.

I wish to extend my sincere thanks to Dr. T. Palvannan, Head— in charge, Department of Biochemistry, Periyar University, Salem, for his moral support and for the novel ideas rendered during the course of my research work. No work of this potency could have been achieved without his prodigious suggestions, constant support and encouragement.

I am indebted to Dr. B. Sampath Kumar, Secretary and Dr. Sheela Ramachandran, Principal, P.S.G College of Arts and Science, Coimbatore for their gracious help and copious encouragement in my course of study.

I also wish to thank Prof. R. Selvakumaran, Former Head, Department of Microbiology, Prof. K. Radha, Prof. R. Rajendran and other staff members of the Department of Microbiology, PSG College of Arts and Science, Coimbatore for their encouragement and support provided throughout the study.

I sincerely thank Dr. K. Arumugam, Correspondent, Dr. A. Selvakumar, Joint Correspondent, Dr. Joseph V. Thanickal, Principal and Dr. S. Sadasivam, Professor and Head, Department of Biotechnology, Kumaraguru College of Technology, Coimbatore, for their consistent support and kind permission to continue my work at the institution.
I would like to express my deep sense of gratitude to Mr. T. Sathish Kumar, Dr. V. Stephen and Mr. S. Senthil Kumar and all the staff members and the students of Biotechnology, Kumaraguru College of Technology, Coimbatore for evincing special interest in the study.

I deem it a great privilege to convey my sincere thanks to Mr. A.U. Thangavelu, Research Scholar, Ehime University, Japan, for his invaluable help in collecting literature which was a crucial part of this research work.

I would like to express my sincere gratitude to Dr. B. Thayumanavan, Professor, Department of Biochemistry, TamilNadu Agricultural University (TNAU), Coimbatore for his constructive criticism and valuable suggestions at every stage of the study.

I would like to extend my gratitude and deep sense of obligation to Mr. V. Pandiarajan, Professor and Head, and Dr. K. Mani, Professor, Department of Plant Biotechnology P.S.G College of Arts and Science, Coimbatore for their unequivocal suggestions and timely help. My special thanks to Dr. G. Gopalaswamy, Professor and Head, Department of Microbiology, TNAU, Coimbatore for his help and encouragement.

I would also wish to thank Mr.K.Pannerselvam, Lecturer, Department of Microbiology, Dr.G.R.D.College of Science for extending his help in my study.

I would like to express my deep sense of gratitude to my wife, my daughter and my beloved parents & my brothers for keeping me away from the household works which enabled me to devote all my time for the study.
