ACKNOWLEDGEMENTS

I wish to express my sincere thanks to my learned guide Dr. K. Swaminathan, Reader, Department of Biotechnology, Bharathiar University, Coimbatore. His vast experience and in depth knowledge in the field of Biotechnology have helped me in completing my research work in vaccine biotechnology. No work of this magnitude could have been accomplished without his unmatched guidance, valuable suggestions, constant encouragement and critical evaluation. I would like to record my deep sense of gratitude and indebtedness to him.

I am deeply indebted to Dr. L.N. Rao Bhau, Director, Pasteur Institute of India, Coonoor, for his valuable suggestions, support and constant encouragement rendered during the course of my research work.

I am grateful to Dr. R. Boopathy, Professor and Head, Department of Biotechnology, Bharathiar University, Coimbatore for his help and encouragement in my course of study.

I sincerely thank Dr. Y.U.B. Rao, Deputy Director and Mr. Leo William Joseph, Assistant Director, Pasteur Institute of India, Coonoor, for their encouragement and suggestions.

I am grateful to Dr. K.R. Mani, Assistant Director, Pasteur Institute of India, Coonoor, for his encouragement and untiring efforts expended in accomplishing this work.

I sincerely thank Mrs. Juliet Selvi Veerabhadran, Assistant Research Officer, Mr. B. Sundaran, Senior Research Officer, Mr. C. Palaniappan, Research Officer, Mr. AL. Palaniappan, Assistant Technical Officer, Mrs. Rajam Muralidharan, Sr. Librarian and the staff of tissue culture
laboratory, Pasteur Institute of India, Coonoor for their timely help and suggestions.
I would like to extend my thanks to Dr. G.V. Rao, Centre for DNA Fingerprinting and Diagnosis Laboratory, Hyderabad and Dr. B.S.N. Moorthy, Centre for Cellular and Molecular Biology, Hyderabad for their help.

My special thanks to Dr. K. Selvam, Research Associate, Chonbuk National University, Republic of Korea, Dr. J. Angayarkanni, Technical Officer, Dr. G.S. Murugesan, Mr. M. Sathish Kumar and Mr. S. Sadhasivam, and other research scholars of the Department of Biotechnology, Bharathiar University, Coimbatore for their help during the discussions.

I would like to express my deep sense of gratitude to my wife Mrs. Shanthila Prem kumar for her encouragement and execution of computer type setting work. I also thank my daughter P.S. Preninta for her patience and prayers.
