I humbly prostrate myself before the Almighty for his grace and abundant blessings which enabled me to accomplish this task successfully. It has been a privilege to perform this piece of study. Many talented people enriched my life and work during this time. Any effort to mention all who contributed to this research work is bound to remain incomplete.

My unfeigned thanks to my research mentor, Dr. G S Rajpurohit, who created in me a passion for this subject. My guide had been a constant source of inspiration, invaluable guidance, cooperation and encouragement that enabled me in bringing up this thesis in present elegant form.

I render my thanks to the Librarians of the various libraries, advocates and consultants on IPR for providing every help during my visit in context of literature survey. I have consulted available literature from different sources and related disciplines; my indebtedness to all such sources and authors is gratefully acknowledged.

I am extremely thankful to Shri Sunil Sharma, Chancellor, Suresh Gyan Vihar University and Dr. Sudhanshu, Chief Mentor, Suresh Gyan Vihar University for their support and motivation. It is a special pleasure to acknowledge the role of my colleagues in keeping my cool and providing me timely suggestions.

No words can express my indebtedness to my parents, Dr. V.K. Bafna & Dr. Navaratan Bafna due to their blessings this goal has been achieved. I cherish to acknowledge the contribution of my wife Dr. Minal who gave her heart and soul in all discussions, analysis and proof reading during the entire course. My son Nipun deserves credit as his valuable moments were unintentionally stolen due to hectic schedule. A special thanks to my brother Dr. Piyush and
bhabhi Dr. Ritu for their concern and cooperation. The care, impetus and unfailing patient support of my in-laws Mr. K.S. Mehta and Mrs. Pushpa Mehta and also Mr. Ashok Bhandari, Mrs. Namita Bhandari and Mr. Manish Darda and Mrs. Shalu Darda deserve a special gratitude.
