I  INTRODUCTION

1.0: Introduction 1
1.1: Origin of Computer Assisted Instruction 2
1.2: Educational Technology 3
1.3: The National Policy of India on Education – 1986 4
1.4: Teaching English as a Second Language to Beginners 5
1.5: Do Listening Skills Affect Learning? 6
1.6: Listening Skill at Elementary Level 8
1.7: Theories Considered While Developing CALL (Computer-Assisted Language Learning) 9
1.8: Teaching Listening Skill 11
1.9: Parents Can Guide To Better Listening 12
1.10: Reading Skill 13
1.11: Rationale for Selecting This Problem 15
1.12: Statement of the Problem 18
1.13: Definitions of Technical Terms used in the Study 18
1.14: General Objectives 21
II REVIEW OF RELATED LITERATURE

2.0 Introduction

2.1 Research on the Effectiveness of Computer Assisted Instruction

2.2 Research on the Effectiveness of CAI in India

2.3 Research on the Effectiveness of CAI in Childhood Education

2.4 Research on the Effectiveness of CALL

(Computer-Assisted Language Learning)

2.5 Conclusion

III CONCEPTUAL FRAMEWORK

3.0 Introduction

3.1 Profile of the State

3.2 Role of English Language in India

3.3 Place of English in Present Day Curriculum

3.4 Interventions for Quality Improvement under SSA

3.5 Azim Premji Foundation

3.6 New Initiatives and Projects under SSA

3.7 Why the Study Focused on Elementary Education, CALL And English Language Learning

3.8 Summary
IV METHODOLOGY

4.0.0: Introduction 89

4.1.0: Development of Computer Assisted Language Learning package 89

4.1.1: Design and development of the CALL package 90

4.2.0: Performance assessments 92

4.2.1: Constructing a performance test 93

4.2.2: Development of Computer Managed Testing Software 94

4.3.0: Evaluation of CALL Package and Computer Managed Testing Software 96

4.4.0: Examination system and evaluation procedure 100

4.4.1: Researcher made tests 101

4.4.2: Development of Criterion Referenced Test 102

4.4.3: Validity of the test 108

4.4.4: Reliability of the test 110

4.4.5: Validity and the Reliability estimation 111

4.5.0: Pilot study 112

4.6.0: Research Design 112

4.6.1: Validity of the research design 114

4.6.2: Threats to Internal Validity 115

4.6.3: Dealing with Threats to Internal Validity 116

4.6.4: Controlling situational difference 117

4.6.5: Threats to external validity 118

4.6.6: Dealing with threats to external validity 118

4.7.0: Variables considered in the study 119
V ANALYSIS AND INTERPRETATION OF DATA

5.1.0: Pretest Vs Various Groups 126
5.1.1: Posttest Vs Various Groups 128
5.1.2: Retention test Vs Various Groups 135
5.1.3: Pre, Post and Retention Tests Over all Performance 141
5.2.0: Recognition skill acquired in the pretest Vs Groups 142
5.2.1: Recognition skill acquired in the posttest Vs Groups 144
5.2.2: Recognition skill revealed in the retention test Vs Groups 149
5.2.3: Listening skill acquired in the pretest Vs Groups 154
5.2.4: Listening skill acquired in the posttest Vs Groups 156
5.2.5: Listening skill revealed in the retention test Vs Groups 158
5.2.6: Reading skill acquired in the pretest Vs Groups 161
5.2.7: Reading skill acquired in the posttest Vs Groups 163
5.2.8: Reading skill revealed in the retention test Vs Groups 168
5.3.0: Nature of Schools Vs Groups 174
5.3.1: Nature of Schools Vs Pretest over all performance of the Control Group 175
5.3.2: Nature of Schools Vs Posttest over all performance of the Control Group

5.3.3: Nature of Schools Vs Retention test over all performance of the Control Group

5.3.4: Nature of Schools Vs Pretest over all performance of the Experimental Group1 (CALL as the only instructional strategy)

5.3.5: Nature of Schools Vs Posttest over all performance of the Experimental Group1

5.3.6: Nature of Schools Vs Retention test performance of the Experimental Group1

5.3.7: Nature of Schools Vs Pretest performance of the Experimental Group2 (CALL as Support System to teachers’ class room instruction)

5.3.8: Nature of Schools Vs Posttest performance of the Experimental Group2

5.3.9: Nature of Schools Vs Retention test over all performance of the Experimental Group2

5.4.0: Locality of Schools Vs Tests Vs Groups

5.4.1: Locality of Schools Vs Pretest over all performance of the Control Group

5.4.2: Locality of Schools Vs Posttest over all performance of the Control Group

5.4.3: Locality of Schools Vs Retention test over all performance of the Control Group
5.4.4: Locality of Schools Vs Pretest over all performance of the Experimental Group1

5.4.5: Locality of Schools Vs Posttest over all performance of the Experimental Group1

5.4.6: Locality of Schools Vs Retention test overall performance of the Experimental Group1

5.4.7: Locality of Schools Vs Pretest overall performance of the Experimental Group2

5.4.8: Locality of Schools Vs Posttest overall performance of the Experimental Group2

5.4.9: Locality of Schools Vs Retention test overall performance of the Experimental Group2

5.5.0: Gender Vs Tests Vs Groups

5.5.1: Gender Vs Pretest performance of the Control Group

5.5.2: Gender Vs Posttest performance of the Control Group

5.5.3: Gender Vs Retention test performance of the Control Group

5.5.4: Gender Vs Pretest performance of the Experimental Group1

5.5.5: Gender Vs Posttest performance of the Experimental Group1

5.5.6: Gender Vs Retention test performance of the Experimental Group1

5.5.7: Gender Vs Pretest performance of the Experimental Group2

5.5.8: Gender Vs Posttest performance of the Experimental Group2

5.5.9: Gender Vs Retention test performance of the Experimental Group2
VI COMPENDIUM

6.1.0: Introduction 210
6.2.0: Findings and Conclusions 210
6.3.0 Summary of Research Findings 223
6.4.0 Recommendations 224
6.5.0 Suggestions for Further Research 225

Bibliography

Appendices
