ACKNOWLEDGEMENTS

“There is an unseen force that drives us all throughout our lives and that force is Almighty or faith and faith leads to hope and hope gives inspiration and endurance to work”. With unending humility I am thankful to that almighty.

I wish there could be really more befitting way than word for acknowledging the indebtedness and to express my loyal and venerable thanks and divulge my deep sense of heartfelt gratitude to Dr. B.M Sharma, Chairman of my Advisory Committee for opening my way to new horizons. His painstaking efforts, praiseworthy guidance, scientific acumen and ever helping attitude steered the completion of this work. I owe him to more than I could care to admit.

It is my sole prerogative to place on record my indebtedness and everlasting gratitude to the Dr. P.N Sharma, member of my Advisory Committee, for his affectionate attitude, erudite guidance, incessant encouragement, timely support and valuable suggestion, which made this, endeavor a complete success.

My grateful thanks are also due to other members of my Advisory Committee, Dr. Rajeev Rathour and Dr. R.K Mittal for their constant encouragement and wholehearted support.

I offer my profound thanks to Dr. Y.S Paul, Head, and Department of Plant Pathology for his immense support.
I am thankful to my Dean’s nominee Dr. S.P Sharma, Director Research, for his timely guidance at every step.

Thanks are duly acknowledged to my lab mates Vivek Sir, Kajal, Ruby, Anuradha, Priyanka and Ekta for their timely and sincere help during the course of experimentation. I was fortunate to have good friends around me especially Shilpa Kapoor, Vivek Kumar Pandey, Ashleesha, Jyoti, Beenu, Reetika, Krishna and my juniors Renu, Deepak, Pooja, Abhishek who were always there with me and provided me the encouragement and jovial atmosphere.

I must translate my sincere feelings to Dr. K.K Katoch, Dean Post Graduate Studies, whom I owe never ending support and guidance for completion of my investigations.

Thanks are due to Sh. Ajay Walia for his meticulous typing of the manuscript.

Needless to say errors and omissions are mine.
