ACKNOWLEDGEMENT

I express my heartfelt gratitude to my guide Dr. R. K. Bhubon Singh, Reader in Chemistry, Nagaland University for being the driving force behind the successful completion of this research work. I am also deeply indebted to my teacher Dr. A. Lemtur Reader, Department of Chemistry, NEHU Shillong for helping me carry out this work during its nascent stage and Prof. B. Myrboh, Department of Chemistry, NEHU, Shillong for allowing me to use the facilities in RSIC, Shillong for numerous chemical analyses.

I would like to thank Dr. Dipak Sinha, Dr (Mrs) Upasana Bora, Mr. Toka Swu Department of Chemistry, Nagaland University, Lumami and Prof. G.T. Thong, Department of Geology, Nagaland University, Kohima for their immense contributions which allowed this work to be completed in time.

I would also like to thank Dr (Mrs) Vineetha Pillai, Dr. Moa Longchar Department of Chemistry, Kohima Science College, for their constant help and encouragement in times of despair. Special thanks are also due to Mr. Supongtemjen, Research Scholar for his tireless efforts in preparing related maps and Ms. Sentila Sanglir for making necessary correction.

I am also grateful to my wife Aren for being a rock during the long tedious years of my study. My sincere gratitude goes to my entire family members for their continued support and prayers. I am eternally grateful to them.

Kohima: 7th May 2009
