Acknowledgement

I feel immense pleasure and pride in availing this fortunate opportunity to express my profound sense of gratefulness and indebtedness towards my guide Dr. S.B. Jogdand, under whose guidance and encouragement. I had the opportunity to work.

I feel honoured in expressing my deep sense of gratitude towards Dr. S.T. Tilak. I feel myself fortunate to have an opportunity to work with, he was the one who inspired me to undertake research and guide me through the course of the present investigation. The time spent with him is the best gift given by God to me. No word can accommodate my feelings of gratitude towards him. I will always remember Mrs. Usha S. Tilak for her beautiful poem "Phirtay tuzaich sathi manapakhru diwane." from 'Shrawan Sari'.

I express my profound sense of gratitude to Dr. T.N. More, HOD, Dept. of Botany, Yashwantrao Mohite College, Pune for his constant help, encouragement and useful suggestions during the period of this research. I also remember Dr. T.N. More and family for providing me a homely atmosphere and comfort.

I feel great pleasure in expressing my gratitude towards Dr. V.S. Lomte, Director, Faculty of Science, and Dr. S.B. Wagh, Professor, Dept. of Environmental Science, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad.

I wish to express my deep sense of gratitude towards Dr. B.N. Punde, Head Dept. of Environmental Science for his. Sincere timely advice, encouragement, inspiration and generous help through the course of the present investigation.

I would be failing in my duties if I miss this occasion to express my sincere and hearty thanks to Dr. G.V. Kulkarni from Dept. of Zoology, Dr. B.A.M.U. Aurangabad, for his inspiration.

I owe my special thanks to Dr. Suchita Rajurkar for inspiration and constant help from the beginning of the present investigation.

I will be failing in my duty if I could not remember my dearest Aapa.
Dr. Masarrat Sultana, to whom I miss all the time. "If Mother is the most beautiful women created by God in this world, then Sis, is the most dearest person on this earth." She has been source of inspiration and inhalation for me all the time.

I would be failing in my duties if I miss this occasion to express my sincere and hearty thanks to my colleagues and co-researchers, from Dept. of Environmental Science. Dr. B.A.M.U. Aurangabad.

I can't escape from the responsibility of acknowledging my most affectionated friends because they are the most valuable God's gift in my life. Special mention must be made of Aziz Chous, Naser Chous and all the friend circle, Atul Nangre, Mrs. Manjusha Sarang Deo, Miss. Sandhya Shinde, Vinod Ragade and Miss. Prajakta Ghatpande specially for their encouragement and help in various ways, stood with me at every moment of need and inspired me in fulfilling the task of presenting thesis work in consolidated shape.

I will be failing in my duties if I won't express my heart felt thanks to my parents Krishmakumar 'Kusum' and Sumantai, because "The credit goes to the roots if the branches bear the fruit."

I also remember my loving Sis, Sona and brother Sushil who are always near to my heart.

I have no words to express my indebtedness gratificaiton to my beloved Sushmakaku for providing the unbounded motherly love, affection, care and constant inspiration, encouragement all the time, inspite of all her sufferings and sacrifices, which enables me to reach up to this stage of my life.

I will be failing in my duties if I could not remember Sarojakka and Mama, Brother Michal Ingals for their spiritual encouragement and help.

Words are inadequate medium to express the deep feeling that surg in my heart to see this work reach its fruition. I praise the Almighty Lord, With whose grace and mercy I am able to say.............

......" The Lord is my Shepherd; I Shall not want......"
