ACKNOWLEDGEMENT

I find dearth of words to express my deep sense of gratitude to my supervisor, Dr. Bhagwati Prasad Chamola, Associate Professor, Department of Mathematics, J.I.I.T, Noida for his invaluable guidance, inspiration and giving me right direction throughout this work. Without his great help and support at various stages of my work, this thesis would not have assumed its final shape.

I am deeply indebted to my co-supervisor, Dr. Bani Singh, Professor, H.O.D., Dept. of Mathematics, J.I.I.T, for his kindness, generosity and encouragement in this work and for showing keen interest in the progress of my work during the entire period of my research.

I am grateful to all the teachers of the Department of Mathematics, for their kind support and encouragement.

I wish to place on record heartiest thanks to my in-laws Er. D. K. Sahni & Dr. (Mrs.) S. B. Sahni and my husband Dr. Manoj Sahni who were always behind me extending all kind of support material or emotional and their love and blessings. I feel blessed to further place on records that without their encouragement, right direction time to time and guardianship I could not have moved even a step further to complete my thesis work. I also give thanks to my brother in-law Mr. Rajesh Sahni, sister in-law Mrs. Smriti Sahni and little master Tanmay for various kind of their supports.

I take this opportunity to thanks my Phuphaji Dr. K. K. Khurana and Buaji Mrs. Santosh Khurana for their encouragement in all my difficulties.

I consider myself very fortunate to be morally supported by my parents Mr. K. K. Srivastava and Mrs. Kanchan Lata and my sisters Preeti and Anshu whose affection has been a source of encouragement to me during various stages of my work.
My heartfelt thanks and appreciation are due to all my **friends** who helped me in innumerable ways. I will not try to make a list, since chances are there to unintentionally missing out some precious name if I try. However, I hope that you know who you are.

Last but not least, I would like to mention the role of my little angel **“Mohit”**, who came in my life as a fortune. He is a special gift to me from the Supreme Father during my Ph.D., who fills each stressful day with lots of happiness at the end.
