ACKNOWLEDGEMENTS

I am indebted and express my thanks and profound sense of gratitude to my Research Supervisor, Prof. P.R. Parthasarathy for his guidance, valuable suggestions and incessant encouragement throughout the period of this study.

I owe my special and sincere debt of gratitude to Prof. B. Nagarajan, Department of Microbiology and Tumor Biochemistry, Cancer Institute, Adyar, Chennai who went through the manuscript and offered valuable suggestions.

I thank sincerely Prof. K. Thyagaraju, Prof. Ch. Apparao, Dr. S.D.S. Murthy, Dr. O.V.S. Reddy and Dr. Balaji, Faculty members of the Department of Biochemistry, Sri Venkateswara University, Tirupati for their constant co-operation and encouragement during the study.

I am grateful to T. Jayakumar, Dept. of Animal sciences, Bharatidasan University, Trichy for his immense help in carrying out the densitometric scanning of isozymes and for his valuable suggestions.

I am grateful to Prof. Sudhakar and Y. Srinivasulu, Plant Physiology, RARS, Tirupati for helping to carry out the RT-PCR work in their laboratory.

I express my deep sense of gratitude to Dr. S.N. Vinaybabu, Bioneed, Bangalore for training in animal handling.

I deem it a great privilege to thank sincerely Dr. Habibullah, Dr. Aleem and Santhosh Tiwari, Liver research lab, Owaisi hospital, Hyderabad for training in mRNA isolation procedures.

I would like to express my sincere thanks to Dr. Annie Hasan, Geneticist, Mahavir Jain hospital, Hyderabad for training in comet assay procedures.

I am extremely thankful to Prof. C. Rajeswara Rao, Head, Department of Zoology, for providing the animal cages during the course of the study.

I sincerely thank Prof. Hafeez, Head, Dept of Parasitology, Sri Venkateswara University of Veterinary Sciences, Tirupati for providing lab facility in carrying out the electrophoretic analysis.
I would like to express my gratitude to Dr. Sasikumar, Department of Pathology, Sri Venkateswara University of Veterinary Sciences, Tirupati for his help in histopathology studies.

I extend my thanks to Dr. Raman, Principal, Sri Vidyaniaketan Educational Trust, for providing the instrumentation facilities.

I am thankful to Prof. K.V.S. Sarma, Department of Statistics, Sri Venkateswara University, Tirupati for his help in statistical analysis.

My thanks are due to Narayana swamy, Raghavendra suppliers, Bangalore for supplying the albino rats required for my study.

I am thankful to Lakshmaiah for helping in collecting the plant materials required for my study.

With great pleasure I would like to thank my fellow researchers Krishnakishore, Sudhakar, U.V. Prasad, Srinivas, Nagendra, Vinay kumar, E.G.T.V. Kumar, Dr. Mastan, Karthik, Bindu prasuna and Sampath for their support and timely help during the course of my work.

I would like to express my gratitude to Renuka mam for her moral support and timely help during the course of my study.

I convey my regard to my friends, Lavanya and Manjunath for all the tireless help that they rendered in all ways and during all the time - I couldn’t have done it without you.

All the words are insufficient to express my cordial reverence to my mother Smt. R. Jayalakshmi, my father Sri. R. Purushothama Naidu and my brother R. Sailendra who has voluntarily put up with many inconveniences throughout my work only to put me in a position of comfort. I am grateful for their moral support and encouragement which stood by me constantly during my research career.

I also extend my thanks to the non-teaching staff, Dept. of Biochemistry, Sri Venkateswara University, Tirupati for their help rendered to me during my study.

Last but not least I thank each and every one who helped me to complete this research work with fruitful results.

Place: Tirupati
Date: 03/05/08

(R. Sivajyothi)
