Cont'd
9 The Mean and SD for the time taken by the subjects to complete various instruments

10 Subjective data relating to 'Understanding the instructions' and 'Interest value' for instruments of the present study

11 Significance of the difference between the scores given by the two raters for n Ach, n Pow, and n Aff

12 The reliability co-efficients for the instruments chosen for the present study

13 Time limit set for the various instruments of the present study

14 Age of Entrepreneurs, Potential Entrepreneurs, and Managers

15 General educational level of Entrepreneurs, Potential Entrepreneurs, and Managers

16 Technical educational level of Entrepreneurs, Potential Entrepreneurs, and Managers

17 Years of job experience of Entrepreneurs, Potential Entrepreneurs, and Managers

Cont'd
18 Monthly income of Entrepreneurs, Potential Entrepreneurs, and Managers
19 Marital status of Entrepreneurs, Potential Entrepreneurs, and Managers
20 Caste of Entrepreneurs, Potential Entrepreneurs, and Managers
21 Religion of Entrepreneurs, Potential Entrepreneurs, and Managers
22 Number and percentage composition of Entrepreneurs, and Potential Entrepreneurs by reasons for starting a small-scale industry
23 Summary of ANOVA of the scores of the three groups on n Ach
24 Means of the three groups on n Ach and the Honestly Significant Difference among them
25 Summary of ANOVA of the scores of the three groups on n Pow
26 Means of the three groups on n Pow and the Honestly Significant Difference among them

Cont'd
Summary of ANOVA of the scores of the three groups on n Aff
Mean of the three groups on n Aff and the Honestly Significant Difference among them
Summary of ANOVA of the scores of the three groups on Risk-Taking propensity
Mean of the three groups on Risk-Taking propensity and the Honestly Significant Difference among them
Summary of ANOVA of the scores of the three groups on Innovative Personality
Mean of the three groups on Innovative Personality and the Honestly Significant Difference among them
Summary of ANOVA of the scores of the three groups on Androgyny
Mean of the three groups on Androgyny and the Honestly Significant Difference among them
Summary of ANOVA of the scores of the three groups on Personal Efficacy

Cont'd
36 Means of the three groups on Personal Efficacy and the Honestly Significant Difference among them

37 Summary of ANOVA of the scores of the three groups on Probabilistic Orientation

38 Means of the three groups on Probabilistic Orientation and the Honestly Significant Difference among them

39 Summary of ANOVA of the scores of the three groups on Optimism

40 Means of the three groups on Optimism and the Honestly Significant Difference among them

41 Summary of ANOVA of the scores of the three groups on Enterprising Personality dimension

42 Means of the three groups on Enterprising Personality dimension and the Honestly Significant Difference among them

43 Mean scores obtained by Entrepreneurs, Potential Entrepreneurs and Managers on VPI
