4.14 Test of significance for education ANOVA (Awareness) 98
5.1 Percentage of women who have favourable and most favourable attitude towards empowerment 103
5.2 Women's difficulty in expressing opinion due to Sack of approval from others 108
5.3 Are women afraid to disagree with their husbands? 108
5.4 Level of women's self regard 109
5.5 Ability to accept compliments without embarrassment 109
5.6 Average score of attitude in different age groups 110
5.7 Test of significance for age ANOVA (Attitude) 111
5.8 Average score of attitude in different religions 112
5.9 Test of significance for religion ANQVA (Attitude) 112
5.10 Average score of attitude in different castes 113
5.11 Test of significance for caste ANOVA (Attitude) 113
5.12 Average score of attitude in different localities 114
5.13 Average score of respondents in different family types 115
5.14 Average score of attitude of employed and unemployed respondents 116
5.15 Average score of attitude of respondents in different 117
income groups

5.16 Test of significance for income ANOVA (Attitude) 117
5.17 Average score of attitude of respondents having different education levels 119
5.18 Test of significance for education ANOVA (Attitude) 119

8.1 Level of skills attainment in public speaking 122
6.2 Level of skills in decision making 122
6.3 Level of skills in maintaining relationships 123
6.4 Level of communication skills 123
6.5 Possession of driving license 123
6.6 Frequency of driving vehicles 124
6.7 Number of women computer literates 124
6.8 Average score of skills attainment in different age groups 125

6.9 Test of significance for age ANOVA (Skills attainment) 125
6.10 Average score of skills attainment in different religions 128
6.11 Test of significance for religion ANOVA (Skills attainment) 126
6.12 Average score of skills attainment in different castes 127
6.13 Test of significance for castes ANOVA (Skills attainment) 128
6.14 Average score of skills attainment in different localities 128
6.15 Average score of skills attainment in different family types 129
6.16 Average score of skills attainment of employed and unemployed respondents 130
6.17 Average score of skills attainment in different income groups 130
6.18 Test of significance for income-ANOVA(Skills) 131
6.19 Average score of skills attainment having different levels of education

6.20 Test of significance for education - ANOVA (Skills attainment)

7.1 Women's income share in the family

7.2 Women's possession of bank account

7.3 Do women operate bank account?

7.4 Frequency of operating bank account

7.5 Requirement of permission to operate bank account

7.6 Nature of participation in decision-making process to purchase land/building

7.7 Mature of participation in decision-making process to purchase vehicles

7.8 Nature of participation in decision-making process to household equipments

7.9 Number of women reading news paper daily

7.10 Type of news women read more

7.11 Number of women watch T.V daily

7.12 Type of programmes watched by women

7.13 Number of women listening to radio daily

7.14 Type of programmes listened by women

7.15 Average score of control over resources in different age groups

7.16 Test of significance for age - ANOVA (Control over resources)

7.17 Average score of control over resources in different religions

7.18 Test of significance for religion - ANOVA (Control over resources)

7.19 Average score of control in different castes

7.20 Test of significance for caste - ANOVA (Control over resources)
7.21 Average score of control over resources in different localities
7.22 Average score of control over resources in different family types
7.23 Average score of control over resources of employed and unemployed respondents
7.24 Average score of control over resources in different income groups
7.25 Test of significance for income- (ANOVA) (Control over resources)
7.26 Average score of control over resources of respondents having different levels of education
7.27 Test of significance for education - (ANOVA) (Control over resources)

8.1 Gender division of labour in the family
8.2 Hours of leisure time
8.3 Does workload affect women's health adversely?
8.4 Are women able to take adequate rest when sick?
8.5 Women's ability to go to a doctor to discuss health problems
8.6 Decision making process in the family
8.7 Women's position in the family
8.8 Harassment from husband
8.9 Nature of harassment
8.10 Frequency of harassment
8.11 Reaction towards harassment
8.12 Whether women travel alone
8.13 Frequency of travelling alone
8.14 Distance travelled alone
8.15 Average score of autonomy in different age groups
8.16 Test of significance for age - ANOVA (Autonomy)
8.17 Average score of autonomy in different religions 169
8.18 **Test of significance for religion - ANOVA (Autonomy)** 169
8.19 Average score of autonomy in different castes 170
8.20 Test of significance for caste - ANOVA (Autonomy) 170
8.21 Average score of autonomy in different localities 171
8.22 Average score of autonomy in different family types 172
8.23 Average score of autonomy of employed and unemployed employees 172
8.24 Average score of autonomy in different income group 173
8.25 Test of significance for income -ANOVA ( Autonomy) 174
8.26 Average score of autonomy of respondents having different education levels 175
8.27 **Test of significance for education -ANOVA(Autonomy)** 175
9.1 Women’s participation in voting 178
9.2 Number of women who vote for the candidate of own choice 179
9.3 Number of women having membership in the political parties 179
9.4 Number of women having leadership role in the party 180
9.5 Number of women willing to contest an election 180
9.6 Number of women who have contested in an election 181
9.7 Number of women who have heard about **gramasabhas** /ward committee meetings 181
9.8 Number of women who have attended **gramasabhas** ward committee meetings 182
9.9 Number of women who have attended **gramasabha/** ward committee meeting at present 182
9.10 Frequency of attending meeting 183
9.11 Number of women participating discussion during the meeting 183
9.12 Frequency of participating in discussion 184
9.13 Number of women who have heard about **ayalkootams** 185
9.14 Number of women attended *ayalkootam* meetings

9.15 Number of women who attend *ayalkootam* meetings at present

9.16 Frequency of attending meeting

9.17 Number of women having leadership role in *ayalkootams*

9.18 Number of women take part in discussion of *ayalkootam* meetings

9.19 Frequency of participation in discussion

9.20 Number of women having membership of library / local clubs

9.21 Level of participation in library/local club activities

9.22 Number of women who are members of any trade union/association

9.23 Number of women who have leadership role of trade union/association

9.24 Level of participation in activities

9.25 Number of women having membership in *SHG/women’s organisation*

9.26 Average score of participation in different age groups

9.27 Test of significance for age - ANOVA (Participation)

9.28 Average score of participation in different religions

9.29 Test of significance for religion (Participation)

9.30 Average score of participation in different castes

9.31 Test of significance for caste - ANOVA (Participation)

9.32 Average score of participation in different localities

9.33 Average score of participation in different family types

9.34 Average score of participation of employed and unemployed respondents

9.35 Average score of participation in different income groups

9.36 Test of significance for income - ANOVA (Participation)
9.37 Average score of participation of respondents having different levels of education
9.38 Test of significance for education - ANOVA (Participation)
