I would like to express my sincere gratitude and profound respect to Dr. R. S. Sangwan, Scientist-F (Deputy Director), Plant Physiology & Biochemistry Division, Central Institute of Medicinal and Aromatic Plants (CIMAP), Lucknow (U.P.) India and Dr. M. K. Srivastava, Reader and Head, Department of Biochemistry, J. C. Bose Institute of Life Sciences, Bundelkhand University, Jhansi (U.P.) India, under whose joint supervision this research work for the thesis was carried out.

I might suffer from words thanking Dr. Sangwan for igniting the research of protein biochemistry in me and I shall always remain indebted to him for his able guidance throughout my study. He served as an excellent mentor in every aspect of my research work via scientific motivation, and morale support, his constant interest, and care. “Thank you Sir for having confidence in me”.

I can’t express enough gratitude to Dr. Srivastava who helped me to accomplish my research work by providing his valuable advice and allowing me to gain more knowledge. I am truly grateful for his kind support, encouragement, and constant guidance.

Sometimes I felt like a researcher, at times a learner, and a kid, and of course all this was due to Dr. (Mrs.) N. S. Sangwan, I feel truly fortunate to have had such an outstanding scientist and a caring person in laboratory. I shall always remain thankful to her for her valuable comments, tips and suggestions along with criticism.

I would also like to extend a sincere thank to Dr. S. P. S. Khanuja, Director, CIMAP, for his keen support and provision of research facilities at the institute.

I would like to thank Dr. A. H. A. Farooq, Head, Plant Physiology & Biochemistry Division, CIMAP, for his helpful nature and valuable suggestions throughout my research program.

I’m especially thankful to the Council of Scientific and Industrial Research (CSIR), New Delhi for providing me the award of Senior Research Fellowship (SRF) which helped me to shape-up my research career.

Mr. Avdesh Kumar Srivastava is genuinely thanked for his constant support in maintaining plants and laboratory. I also thank the scientists and staff of other departments of CIMAP for their timely help in my research work.

I cordially thank Prof. U. N. Dwivedi, Prof. P. C. Misra, Prof. M. K. Misra, Dr. R. K. Mishra, Dr. Sameer Sharma and other teachers of Department of Biochemistry, University of Lucknow for guiding me throughout my research career.

I wish to thank all my colleagues and friends who came across my research work and helped me in direct or indirect ways. Pankaj is thanked for his scientific and literary discussions and a good
company, and Farzana & Sumbul for making the laboratory milieu ever cheering-flickering. Rajiv,
Manoj, Mahesh, Priyanka, Shilpa, Sanjeev, Kavita, Kirti, Deepti, Abhishek, Rajendra, Anil, Om
Prakash, Sandeep, and Tyoti are thanked for their requisite assistance and support.

I also thank Digvijay Singh, Subhash Gupta, Arvind Tripathi, Sanjay Thul, Ankur Garg,
Rakesh Upadhyay, Yougal Kishore, Mukesh, Vijay Raju, Ratnesh, Shrawan, Richa Pandey and
Archana Pandey for their friendly support.

I owe very special thanks to Dr. Vishal Trivedi for helping me in a “friend-philosopher and
guide” mode and to his family.

My friends Praveen and Gaurav are specially thanked for accompanying me to movies almost
every weekend. In friends row I also thank to Rahul, Utkarsh, Mayank, Vikas, Manish and other
friends not listed herein.

The acknowledgement would not be complete without mentioning the warmth and support of
my relatives, and my Family specially my brothers and sisters (Shambhavi and Kartikeya; Animesh,
Aaditya, Anya and Aashutosh) for their rejuvenating corporation at home.

“And above all, I soulfully thank GOD for strengthening me and my faith in Him.”

Date: June 17th 2008
Place: CIMAP, Lucknow
