ACKNOWLEDGEMENTS

It gives me immense pleasure to express my sincere thanks to my esteemed teacher and guide Dr. M. Kapoor, M.S., Reader in the Department of Obstetrics and Gynaecology, M.L.B. Medical College, Jhansi, for her keen interest, guidance and invaluable help even at the cost of her personal inconvenience in every way, at every juncture of this project. Her inspiration fostered me greatly throughout this humble venture, without it would have not been possible to complete this work.

Words fail to express my deepest sense of gratitude to Professor R. Mitra, M.S., D.G.O., Head of the Department of Obstetrics and Gynaecology, M.L.B. Medical College, Jhansi, for her valuable suggestions, encouragement and sympathetic attitude throughout the course of this study, which has been an unfailing source of inspiration to me.

I am deeply indebted to my revered teacher Professor V.P. Mital, M.D., Head of the Department of Pathology and Microbiology, M.L.B. Medical College, Jhansi, for his excellent guidance, constant supervision
and constructive criticism from time to time which have gone long way towards the successful completion of this study.

I extend my sincere thanks to Dr. Sanjaya Sharma, M.D., Lecturer in the Department of Obstetrics and Gynaecology, M.L.B. Medical College, Jhansi, for the immense help and extreme co-operation in the study of this subject.

I am grateful to all my teachers, the faculty members of the department, Dr. S. Arora, M.S., Reader, Dr. U. Agrawal, M.S., Lecturer, for their constant encouragement and suggestion during the study.

I am thankful to all my colleagues for their help and co-operation during the completion of this work.

I am always indebted to my parents, brother and sister for their persistent inspiration which enabled me to perform this work successfully.

Lastly, I am thankful to Mr. K.M. Thomas for painstaking neatness in putting this work into black and white.
