ACKNOWLEDGEMENT

I wish to record my heartfelt gratitude to my Holy Mother Mata Amritanandamayi Devi, for her abundant grace given to me to start and finish this research work successfully.

I express my deepest sense of gratitude and thanks to Prof. N. Murugan, Department of Mechanical Engineering, Coimbatore Institute of Technology, Coimbatore for his immense guidance and supervision in successful completion of this research work. I am extremely indebted to him for his constant encouragement, great help, sincere and timely advice.

I wish to express my sincere gratitude towards Prof. S. Dhandapani, Head of Mechanical Engineering Department, Coimbatore Institute of Technology for the encouragement and moral support to carry out the research work.

I am highly indebted to Shri.K.R Anathanarayanan, Deputy G.M. (P.A.D), Salem Stainless Steel Plant, SAIL, Salem for his generous help and the support in providing the necessary stainless steel materials to carryout this research work.

I wish to express my gratitude to Prof. R. Prabhakar, Principal, Coimbatore Institute of Technology, Coimbatore for providing support and extending the college facilities to carry out the research work successfully.

I wish to thank ACITE and UGC for providing the necessary welding equipments, ferritescope and corrosion testing instruments for conducting research work successfully.

I am extremely thankful to Br. Abhayamrita Chaitanya, Chief Operating Officer, Amrita Vishwa Vidyapeetham, Coimbatore for his great help in providing full support and providing necessary facilities for successful completion of this research work. I also thank him for the constant encouragement and keen interest shown in my work.

I sincerely thank Dr. T.R. Padmanabhan, Principal, and also Dr. N. Narayanan Pillai, Professor -Emeritus, Amrita School of Engineering, Amrita Vishwa Vidyapeetham, Coimbatore for providing me all the support and facilities to carry out the research work.

I am very much indebted to Prof. A.K. Balakrishnan Nair, Head of Production Engineering Department for providing me all the facilities and constant encouragement given to me during this work and I sincerely thank for his timely help and keen interest shown in my work.
I highly indebted to Dr. U. Kamachi Mudali, Head, Corrosion Science and Technology Division and Dr. V. Sankar, Scientific Officer, Material Joining and Material Testing Division, IGCAR, Kalpakkam for their valuable help and advice to carry out this work. My thanks are due to Prof. K. Prasad Rao, Head, Department of Metallurgical Engineering, Indian Institute of Technology (IIT- Madras), Chennai for his moral support to complete the research work.

I am thankful to Dr. Nagalakshmi, Senior Development Engineer, Metallurgy Department, WRI, Tirchy for valuable advice and encouragement for carry out this work.

I am grateful to Prof. C. Chandrasekar, Professor-in-charge of Metallurgy Lab Coimbatore Institute of Technology for providing lab facilities for this work. I also thank Mr. Balasubramanian, Lab Assistant, CIT in providing us the necessary help. I thank Mr. Vellangiri of Heat Engines Lab for his voluntary help for conducting the welding experiments. I also thank Mr. P. Mahalingam, Welding Research Cell, CIT for his help in carrying out the welding experiments.

I thank Prof. Koshy Mathew (CIT, Coimbatore) and Prof. R. Shanmugam (PSNACE, Dindigul) for their constant support and encouragement throughout my research work.

I am very much thankful to Mr. P. Masilamani for his immense help in carrying out microstructures studies and also Mr. P. Radhakrishnan for his help in conducting microhardness studies and their full support throughout this research work.

I take this opportunity to thank all my colleagues of Production Engineering Department for rendering all possible help throughout this work.

I thank all my friends whose names do not mentioned here, for all types of helps provided to me by them.

I especially thank my wife, Mrs. S. Poomima, M. Phil. for having readily sacrificed her valuable time for the cause of this work and for providing me the necessary moral support and encouragement during this crucial periods.

(P. K. GIRIDHARAN)
