ACKNOWLEDGEMENT

I always had a fantastic belief that ‘wonders’ do happen in life. Today, when I look at the successful completion of my research project, the wonderful image that emerges quite prominently in front of my grateful eyes is that of my esteemed guide Dr. AMIT MITTAL Professor, MM Institute of Management, MM University, Mullana-Ambala.

He was always on the back of my mind, inspiring and motivating me at every step during this journey. With a deep sense of gratitude, I salute this man of great learning who has delighted and educated me immensely with his inherent genius.

A special thanks goes to all my friends and colleagues for their timely help, guidance, constant cooperation and support.

Words fail me in expressing my gratitude towards my PARENTS. I can never repay for their kindness, understanding, love, and care showered on me not only during this project but always.

Above all, I am thankful to GOD ALMIGHTY, for being with me and helping me to successfully accomplish my work.
