ACKNOWLEDGEMENT

Every mission needs a spirit of dedication and hard work but more than anything else, it needs proper guidance, working atmosphere and most importantly support from others. During the process of the research work I received a lot from others, directly or indirectly and it is indeed a matter of great pleasure and privilege to acknowledge the same here.

It is my proud privilege to release the feelings of my gratitude to several persons who helped me directly or indirectly to conduct this project work. I express my heart full indebtedness and owe a deep sense of gratitude to my teacher and my faculty guide Dr. Anil Chandhok who always provided me with necessary inputs, guidance and direction to carry out this project. He provided me access to different domains of knowledge from where I collected inputs for this project.

Last but not the least, my million thanks to all the people including customers of the banks and employees of banks whom I have conversed with and taken inputs from to move ahead and complete this project.
