ACKNOWLEDGEMENTS

I am thankful to GOD who always remains with me during each and every moment of my life to guide me to the right path and provided me the golden opportunity to express my sincere indebtedness and sense of gratitude to all those who have contributed greatly towards the successful completion of this project.

To acknowledge the efforts of the persons who extended to me their kind support is certainly not an easy job. There were so many people who helped me directly or indirectly in my effort that it would require another report of this magnitude to acknowledge the kindness of all these persons.

I offer my sincere thanks to my supervisor Dr. Vineeta Shukla (Head, Deptt. of Zoology), M.D.University, Rohtak and my co-supervisor Dr. Dhiruva Chaudhry (Head, Deptt. of Medicine and critical care) PGIMS, Pt. B.D Sharma University of health sciences, Rohtak for their incessant inspiration, affectionate guidance, valuable suggestions and timely support whenever needed.

I extend my heartfelt feelings of gratitude to Mr. Gurnam Singh (Head, Air Pollution Board); Dr. S.K. Tyagi (senior scientist) and all the members of Ministry of Pollution Board for their advice and timely help as they saved me from many technical hassles.

I am also sincerely thankful to Dr Madhulika Dubey, Professor, Deptt. of Statistics, MDU, Rohtak for helping in presenting this work in its present form.

I am extremely thankful to Dr. S.K. Chabra for his valuable guidance and all sorts of helps whenever required.

I am also grateful to staff and faculty of Deptt. Of Zoology, MDU, Rohtak for providing timely information, feedback and help which proved extremely fruitful during my project training.
Last but not the least, I am thankful to my family members and friends who were always there with me with their warm wishes, encouragement and continual support that made me to complete the research work in time.
