ACKNOWLEDGEMENT

Thanks to Almighty God, The beneficent, The merciful, all Embracing, all Knowing, for providing me this opportunity, courage and ability to complete this humble contribution towards knowledge.

I wish to record my heartfelt gratitude and indebtedness to my guide Dr. (Mrs.) Hemant Lata Sharma, Professor, Department of Education M.D.U. Rohtak for her keen observation, superb guidance and constructive criticism in every part of the research undertaken. She easily detected my mental blind spots and guarded me on with such expertise that I no longer felt a stranger in an unknown terrain. Her valuable and thought provoking suggestions and constant encouragement were there to guide me at various stages of this research. But for such interest she has shown, the present study would not have taken its present shape.

I would also like to express my gratitude to Prof. (Mrs.) Indira Dhull, Head & Dean, Department of Education, M.D.University, Rohtak for her suggestions and moral support.

Words are not enough to express my deepest gratitude to Dr. Madhu Sahni, Assistant Professor, Vaish College of Education Rohtak, who generously helped me with her knowledge and experience. Her valuable suggestions kept me on track.

It would be great injustice if I ignore my family. The support, encouragement and patience of my husband Mr. Dinesh Sharma, was invaluable during the preparation of this thesis. I am also very thankful to my daughters Saumya and Aarohi for their visible and invisible help in the accomplishment of this task.

I offer deepest gratitude to my father Sh. B.D. Sharma, sister Ms. Savita Sharma and my niece Ms. Swati who extended great help in collection of data. It is my privilege to express
my thanks to my brother-in-law Mr. Anil Kumar Sharma, Associate Professor, Hindu College Rohtak for his valuable suggestions. My special thanks are due to my sister-in-law Ms. Sunita Sharma, Librarian, C.R. College of Education, Rohtak for her concern and co-operation.

Recognition and special thanks are due to Prof. S.K. Gakhar, Director, Center for Biotech Department, M.D. University, Rohtak who was real source of encouragement and motivation to me.

I would like to express my sincere gratitude to all the principals and teachers of Sr. Sec. Schools chosen for the data collection for their whole hearted co-operation.

Above all, I am greatly indebted to each and everyone who, even by the smallest thought, word or deed, has helped me during the period of this study.

Anju Sharma
