ACKNOWLEDGEMENT

The debts I have accumulated during my Ph.D work are numerous. At the outset, I would like to express my heartiest gratitude and special appreciation to my esteemed supervisor Dr. (Mrs.) Madhu Gupta, Reader, Department of Distance Education, Maharshi Dayanand University, Rohtak for providing me valuable guidance and constant encouragement in completing my research work. Despite having pre occupied in various responsibilities, she devoted a sufficient amount of her valuable time for me from her busy schedule. It is only due to her sincere help, I could complete this work. In fact, it is not possible for me to express my gratitude to her in words. She always treated me as a family member.

I express my profound gratitude to Dr. (Mrs) Indira Dhull, Prof. & Head, Department of Education, Maharshi Dayanand University, Rohtak for providing her consistent co-operation and full support till the completion of this research work. I also express my deep sense of gratitude to all the teachers of the Department of Education who have always been a constant source of encouragement and inspiration to me.

I also wish to place on record my deep sense of gratitude to Dr. Ashok Kumar, Professor, Department of Statistics, Maharshi Dayanand University, Rohtak for his co-operation and useful discussions. He helped me with deepest interest without caring for his personal discomfort.

I would like to thank the principals, teachers, students and their parents of the special schools for their co-operation in collection of data.

I am thankful to Mr. Vikram Deswal, President, Vikarmaditya College of Education, Morkheri Rohtak, for granting me leave from time to time for completion of this work.

I would like to express my special thanks to Dr. (Mrs) Manju Jain, Principal, Vidhya Bharti College of Education, Rohtak, who provided me support in a variety of ways and always inspired me to complete the work.

The officials of Rehabilitation Council of India, New Delhi were kind enough to me in providing necessary data and information. I express my sincere thanks to them. I also take this
opportunity to thank the staff of National Institute for the Mentally Handicapped, R.T., New Delhi especially Dr Usha Grower, Associate Professor, for providing me very useful research material and helping me in understanding the various issues. My thanks are also due to the officials of M.D. University Library, Rohtak, Arpan Institute for M.H. Children Library, Rohtak for their ever-supporting attitude.

I am grateful to Dr. Surinder Kumar, Professor of Economics, Dean of Academic Affairs, Maharshi Dayanand University, Rohtak, Dr. I. S. Dalal, former Principal, All India Jat H.M. College; Rohtak, Mr Chandveer, Lecturer, Saraswati Vidhya Mandir College of Education, Meham and all well wishers for providing me all sorts of help, consistent encouragement and moral support during my research work.

I express my thanks to the non-teaching staff of the Department of Education for their kind co-operation and moral support.

My family members particularly my husband Dr. Baljit Singh Sindhu deserve lots of thanks who took all the family responsibility on his shoulder and provide me positive environment to complete the work. Last but by no means least, I have appreciation for my sons Digvijay and Prateek who silently bore with me as a graceful or deal and provided to me spare time for completing the study.

Above all, I thank God, the Almighty for showering His blessings upon me.
