**List of Tables**

- Table 2.1: Growth of agricultural Institutions in India (Verma, A. 1998)
- Table 3.1: Investment in agricultural education by the Government of India
- Table 3.2: Year wise Allocation by ICAR/ DARE
- Table 3.3: Financial Allocation - agricultural education (ICAR being UGC for the SAU's)
- Table 3.4: Enrolment in Science / Engineering Fields
- Table 4.1: Central Outlay (Agriculture and allied activities) for VIII plan by Sub-sectors
- Table 4.2: Contribution of States and ICAR to agricultural Universities
- Table 4.3: Central Government Grant to ICAR
- Table 4.4: Details of Financial Outlay of Dept of Agricultural Research and Education
- Table 4.5: Annual intake of Students in Various State Agricultural Universities (1993-94)
- Table 5.1: University wise Allocation and Expenditure of Funds
- Table 5.2: Statewise Allocation Expenditure for the Period 1993 - 2001
- Table 5.3: Statement Indicating Expenditure in Agricultural Education in relation to the state population for the 8 year period 1993 - 2001.
- Table 5.4: Statement showing the difference in population trend and expenditure (Investment) trend in the States for the period 1993 - 2001
• Table - 5.5: Statement showing the difference in population trend and allocation (investment) trend in the States for the period 1993 - 2001.
• Table - 5.6: Statement showing the Expenditure and No. of Students produced by each State together with their trends during 1993 - 2001.
• Table - 5.7: Statement showing the different between expenditure (investment) trend and students trend in the States for the period 1993 - 2001
• Table - 5.8: Statement showing the allocation (investment) trend and students trend in the States for the period 1993 - 2001
• Table - 5.9: Statement showing the per student per year expenditure in the States for the period 1993 - 2001
• Table - 5.10: Statement showing allocation & expenditure per student per a year in INDIA by the SAUs
• Table - 5.11: Investment in agricultural education by the Centre Source of data: Data books published by IASRI.
• Table - 5.12: Depecting statewise 8 - year allocation for SAUs for the 1993 - 2001 period
• Table - 5.13: Pie diagram depecting statewise 8 - year expenditure for SAUs for the 1993 - 2001 period.
• Table - 5.14: Statewise population in India
• Table - 5.15: Statewise average annual number of Agricultural students passing out from SAUs
• Table - 5.16: Statewise % contribution to the total number of agricultural graduates produced by SAUs in India.

• Table - 5.17: Graphic depiction of statewise % contribution to the total number of agricultural students produced annually by SAUs in India

• Table - 5.18: t - test: Two-Sample Assuming equal variances

• Table - 5.19: t-Test: Two-Sample Assuming Unequal Variancea

• Table - 5.20: Regression Analysis.

• Table - 5.21: Cost per student amogest the states-Standard Deviation and variance

• Table - 5.22: Correlation analysis for allocation-expenditure
