LIST OF TABLES

Table 2.1 : Showing the related factor matrix.
Table 2.2 : Showing the types of skills included in the study.
Table 2.3 : Showing different frames included in the study.
Table 3.1 : Showing the study sample drawn from three different units at the different levels of management.
Table 3.2 : Showing 16 factors along with Reliability and Validity.
Table 4.1 : Showing scores on variables from $V_1$ to $V_{11}$
Table 4.2 : Showing scores on variables from $V_1$ to $V_3$ and $V_{12}$ to $V_{27}$.
Table 4.3 : Showing means and style profiles of eight managerial styles.
Table 4.4 : Showing the style profile in percentage for eight managerial styles.
Table 4.5 : Showing the incidence of style profile in percentage of all the styles.
Table 4.6 : Showing the correlation matrix for variables $V_2$ to $V_4$.
Table 4.7 : Showing the means of 16 personality factors in descending order.
Table 4.8 : Showing the significant and insignificant correlation coefficients between the scores on $V_1$; and $V_2$ to $V_{27}$. 
Table 4.9 : Showing means, standard deviations and 't' values for the bottom and top group.

Table 5.1 : Showing the half correlation matrix for variables $V_1$ to $V_4$.

Table 5.2 : Showing the rotated factor matrix from $V_1$ to $V_{11}$.

Table 5.3 : Showing half correlation matrix for the main study.

Table 5.4 : Showing the rotated factor matrix of main study.

Table 5.5 : Showing the loadings of 13 variables on first factor in descending order.

APPENDICES
