LIST OF FIGURES

Fig 1.1 : Showing the human resource wheel.
Fig 1.2 : Showing the cultural language of context.
Fig 1.3 : Showing some correlates of managerial effectiveness.
Fig 1.4 : Showing the action model as drafted by Deep Samuel.
Fig 1.5 : Showing the same action model as modified by investigator.
Fig 1.6 : Showing the route to effectiveness.
Fig 2.1 : Showing the scarcity of studies by a question mark on job attitudes etc. in relation to performance of managers.
Fig 2.2 : Showing the ratings of 13 traits on a 100 points scale.
Fig 2.3 : Showing similarities and differences in managerial behaviour from country to country.
Fig 2.4 : Showing marked uniformities and differences in managers.
Fig 2.5 : Showing transformation cycle.
Fig 3.1 : Showing that style acts as a dragger and pierces through situation to produce effectiveness.
Fig 3.2 : Showing the individual score sheet.
Fig 3.3 : Showing the description in brief of 16 PF personality.
Fig 4.1 : Showing the mean values of eight managerial styles, reported in descending order.
Fig 4.2 - 4.5 : Showing individual style profiles.
Fig 4.6 : Showing the mean values of sixteen personality factors, reported in descending order.
Fig 5.1 : Showing fine significant loadings on factor 1.
Fig 5.2 : Showing two significant loadings on factor 2.
Fig 5.3: Showing three significant loadings on factor 3.
Fig 5.4: Showing two significant loadings on factor 4.
Fig 5.5: Showing the factorial structure of variables from $V_1$ to $V_{11}$.
Fig 5.6: Showing the 27 variables included in main study.
Fig 5.7: Showing thirteen significant loadings on factor 1 of main study.
Fig 5.8: Showing five significant loadings on factor 2 of main study.
Fig 5.9: Showing three significant loadings on factor 3 of main study.
Fig 5.10: Showing four significant loadings on factor 4 of main study.
Fig 5.11: Showing four significant loadings on factor 5 of main study.
Fig 5.12: Showing three significant loadings on factor 6 of main study.
Fig 5.13: Showing four significant loadings on factor 7 of main study.
Fig 5.14: Showing three significant loadings on factor 8 of main study.
Fig 5.15: Showing three significant loadings on factor 9 of main study.
Fig 5.16: Showing four significant loadings on factor 10 of main study.
Fig 5.17: Showing the 10 eigen values plotted on the curve.
Fig 5.18: Showing the summary of the two studies.
