ACKNOWLEDGEMENT

First of all I want to bow my head in front of Almighty “Allah” Whose wish, presence and blessings provide me enthusiasm, courage, energy and strength to accomplish the work in hand and were succeeded.

Acknowledgement is due to all who have deposited their immense faith in me despite the odds, which I am not totally devoid of.

Parents inculcated a vital training of gripping the quill. I am thankful to my parents (Mr. Maqsood Ahmad Parray and Mrs. Mubeena Maqsood) for their emotional and moral support.

The thesis work assigned to me would not have come to this, had there not been supervision by Dr. A. Mujib round the clock and I am thankful to Head, Department of Botany, Prof. Javed Ahmad for providing me the facility to complete the work on time.

I am highly indebted to Late Hakeem Abdul Hameed for his selfless efforts to establish Hamdard university and the cause behind this establishment. May his soul rest in paradise (Ameen).

Teachers have illuminated all aspects and enlightened me from within - teaching me to explore the unknown fathoms deep, my thanks to all my teachers: Prof. Mohammad Iqbal, Prof. M.P. Sharma, Dr. T.O. Siddiqui, Dr. Mehmmoduzafer, Dr. Shahid Umar, Dr. Altaf Ahmad and Dr. U. Dhar.

I would not have completed my research at ease without the laboratory facilities provided by Prof. M.Z. Abdin (Dean, Faculty of Science) and Dr. Salim Javed.

My special thanks to my brothers Mr. Monis Maqsood and Mr. Musavir Maqsood very close to my heart. They supported me throughout my thesis work and gave me outstanding suggestions inspite being younger.

I admit clear that the thesis work would have hardly attained any success if timely prodding of all the seniors, Ph. D scholars and friends: Mrs. Samar Fatima, Mr. Mir Khusrau, Mr. Prabhakar, Mr. Saliq, Mr. Islamuddin, Mr. Sumit had not been there.

A special thanks to my labmates Mr. Zahid, Mrs. Rashmi Kapoor, Ms. Dipti, Mr. Kashif, Mr. Suhail, Mr. Deepak, Ms. Rahila and my roommate Ms. Zeeshan for their valuable suggestions and support.
