ACKNOWLEDGMENTS

Though words are seldom sufficient to express gratitude and feelings, it some how gives me an opportunity to acknowledge those who helped me during the tenure of my research. The work of dissertation preparation was a daunting task and fascinating experience. “Positive thinking won’t let you do anything but will let you do everything better than negative thinking will” At this outset, I offer my adoration to God who created me, gave me the strength and courage to complete my dissertation and gave me the opportunity to thank all those people through whom his grace was delivered to me.

I would like to express my heartfelt and profound thanks because ever scientificand personal concern throughout the course of investigations and successful completionof this dissertation my esteemed research supervisorDr.GarikapatiDevalaRao, M.Pharm., Ph.D, FIC, Professor and Principal, KVSRsiddhartha College of pharmaceutical sciences,Vijayawada, Krishna dist., Andhra Pradesh, for inspiring me in every aspect, kind advice relished ideas, and their sublimeand optimistic approach to make this work a real success for providing all facilities to carry out this work with great ease andprecision.

I owe my deep sense of gratitude, great pleasure and sincere whole hearted thanks to my doctoral committee memberMr.K.Venkata Ramana, M.Pharm.,Ph.D.,FIC,Professor and Principal, A.S.N.Pharmacy college, Tenali, Guntur district, Andhra Pradesh, who paved me a way with his immense guidance, innovative ideas with inspiration and also with his valuable suggestions from time to time for the successful completion of my research work.

I extend my sincere thanks and respectful regards to our Chairman Sri Annabattuni. Siva Kumar, A.S.N.group of Institutions, Tenali, Guntur district, Andhra Pradesh, for all the facilities provided to me at the institution and enabling to do research of this magnitude.
