Acknowledgement

Gratitude is a duty which ought to be paid
but which none have a right to expect.
Gratitude is the heart's memory.

I am grateful to the Almighty, whose blessings bestowed on me have carried me thus far and whose benevolence, I pray, will help me in my future endeavors too.

I am deeply grateful to His Holiness Jagadguru Sri Shivarathri Deshikendra Mahaswamiji, for providing a pioneer Institution, through which I could attain my doctoral degree.

Ineffable and glowing gratitude to Dr. Suresh B, Vice Chancellor, JSS University, who inspired me carry out my research life and provided a caring environment to live and work.

Special thanks and deep gratitude are offered to my guide Dr. S. Balasubramanian, Director-Research, JSS University, for his continuous interest, great encouragement, helpful advice, valuable guidance and supervision throughout this work.

I express my warm and sincere thanks to my co-guide Dr Pushpalatha, Associate Professor, dept of Anatomy, JSS Medical College, Mysore, for her encouragement during the course of my work.

I express my sincere gratitude to Dr. B Manjunatha, Registrar, Dr. R. Vajaysimha, Controller of examination, and Dr. P.A. Kushalappa, Director of Academics JSS University, for all the support and cooperation throughout the period of my research.

I further extend my gratitude to Dr. H Basavanagowdappa, Principle of JSS Medical College, for his encouragement and resourcefulness.

Grateful acknowledgement goes to Dr. N M Shamasundar, Professor and Head, Dept of Anatomy, JSS Medical College, Mysore, for evincing keen interest in the progress and perfection of my study.
I also feel greatly indebted to Dr. M S Vishweshwara, Chief Radiation Oncologist, Bharath Hospital and Institute of Oncology, Mysore, for supporting me in the collection of data for my research work in the respective field.

It is a pleasure to express my gratitude wholeheartedly to Dr. M. Prashanthi Devi, Assistant Professor, Bharathidasan University, Tiruchirapalli, for her dexterous guidance, scrupulous care and help bestowed on me with the creativity, perseverance and constant encouragement, providing critical insights and timely help in carrying out this research work. A Note of Thanks and deep gratitude to Dr. R M Sridhar, Professor and Head, MCA Department, Sri Ramakrishna Mission Vidhyalaya, Coimbatore, for his great help, advice and supervision throughout this work.

I extend my thankfulness to Dr. K. Gowthamrajan, professor and Head, Dept of Pharmaceutics and Dr. Suriyanarayanan, Dept of Water and Health for their valuable help for my research.

I extend my gratitude to Dr Shakuntala Pai, Professor and Head, Dept of Anatomy, Srinivas Institute of Medical Sciences, for her constant support and valuable guidance.

I specially acknowledge the support of my colleagues and friends for they showered their love and care throughout which enabled me to produce this work successfully.

No words to explain my deep sense of gratitude to my seniors, Mrs. Latha KC, Mrs. Ayesha Sulthana, Mrs. Madhu, Mr. Jesin George, Ms Divya for keeping the working environment livelin and driving away timely blues.

With pleasure, I offer my special thanks to Mr Deepak Gupta, for his inputs that helped me to shape up this work.

Words fail me to express my appreciation to my dear husband Mr Rohith Kumar Soans whose dedication, love and persistent confidence in me, has taken the load off my shoulder. I wish to thank my entire family for providing a supportive environment to me. To them, I dedicate this thesis.

I, finally, would like to thank all the people who have helped and inspired me during this doctoral study.

Ramya Rathan
