ACKNOWLEDGEMENTS

I express my deep sense of gratitude to Dr. G. Poyyamoli, Reader, Department of Ecology and Environmental Sciences for able guidance during the course of my research. He has been a wonderful and understanding guide and supervisor and a source of inspiration and information.

I am thankful to Dr. G. Narendra Kumar, I.A.S., then Secretary and Dr. U. Sridharan, then Director, Department of Science, Technology and Environment, Govt. of Pondicherry for granting permission to pursue this research work as a part time Ph.D. candidate and their constant encouragement.

My profound thank go to Prof. R. Pannerselvam School of Management and Prof. B. Kannabiran, Department of Biological Science for their invaluable suggestions and critiques.

It is my privilege to thank Prof. Vikram Reddy, Head of the Department, Department of Ecology and Environmental Sciences, Mr. S. Amuthamani, Hindustan Lever Ltd. Mr. R. Kothandaraman, and Dr. Ramakrishnan and R. Parthasarathy, Department of Economics and Statistics, Government of Pondicherry for their support.

My heartfelt thanks to Mrs. G. Rukumani, V. R. Sumathi, Junior Scientific Asst., Thiru. Xavier Kennedy, Thiru. T. Poniram, Mrs. P. P. Latha, Mr. P. Tamilarasan and Mr. M. Anand, of Department of Science, Technology and Environment for their meticulous help in sample collection, monitoring and analysis.

The technical support provided by Centre for Environmental Studies, Anna University. Mr. Radhakrishnana, Hydro Geologist, State Ground water unit, Dept. of Agriculture and Directorate of Industries and Commerce Govt. of Pondicherry are highly remembered.
Continuous encouragement from Dr. P. Devaraj, I.F.S., Deputy Conservator of Forest, Dr. M.A. Sivasankaran, Professor, Department of Civil Engineering, Pondicherry Engineering College, and Mr. S. Sekar, Scientific Officer, DSTE and Mr. S. Sridharan, Chief Town Planner for given permission to use the base map of Pondicherry region will remain unsurpassed.

Er. Suryanarayana, Manager, Environmental Protection and Training Research Institute, Hyderabad was kind enough to go through a part of the manuscript and offer his valuable suggestion I thank Mr. J. Sathish, Landmarc for helping me in using GIS and related software and preparing relevant maps.

The help rendered by Selvi. C. Sharmila, Mr. J. Rajkumar, Mrs. P. Shanthi, Mrs. J. Selvanayagi and Selvi. V. Bhuvaneswari of Department of Science, Technology and Environment in data entry and processing are highly remembered.

I thank Messers C. Babu and J.C. Bose Research scholars of Department of Ecology and Environmental Sciences and Dr. R. Sagaya Alfred and Er. Srinivas of Department of Science, Technology and Environment, Govt. of Pondicherry and Dr. Chandramouliswaran, CARE for their assistance during my study.

My profound gratitude goes to Pondicherry University for providing me an opportunity to pursue my research ambitions and the facilities offered.
