ACKNOWLEDGEMENTS

It is my proud privilege to express my deep sense of gratitude to my esteemed teacher and guide Dr. B.S. Jain, M.S., Lecturer, Department of ophthalmology, M.L.B. Medical College, Jhansi, for his valuable guidance, constructive criticism and constant supervision. His keen interest in my work, along with his vast clinical experience and day to day encouragement with a parently attitude has been a constant inspiration for me, and had contributed greatly in successful completion of this work.

I wish to thank Dr. Navneet Agrawal, M.D., Lecturer, Department of Medicine, M.L.B. Medical College, Jhansi, who has been of great help at every stage with his valuable advice and guidance.

I also acknowledge my heartfelt gratitude to Dr. G.D. Gupta, M.S., Head, Department of Ophthalmology, M.L.B. Medical College, Jhansi, for his personal interest, constant encouragement and invaluable guidance. His keen interest in the work has been a continuous
source of inspiration for me,

I am grateful to Dr. V.K. Misuria, M.S., Lecturer, Department of Ophthalmology, M.L.B. Medical College, Jhansi, for encouragement and moral support.

I am thankful to all my colleagues for their time to time help and encouragement.

Lastly I must thank all the patients who form the subject of this study.

( S.K. PANDE )
