ACKNOWLEDGEMENT

The first and foremost gratitude is due to the heavenly God who loved me, blessed me and guide me through the pathway of my life.

I bestowed my pleasure to my beloved mother, C. Vanlalhruaii for her love, encouragement, help and support throughout my studies and life, and also to all my family for their constant support and encouragements.

I express my appreciation for all the encouragements, assistance and supports that I received during the entire course of my research work.

I would like to pay my tribute to Prof. R. P. Tiwari, the pioneer of the Department of Geology, Mizoram University, Aizawl who makes me acquire confidence in my studies and then in my life.

I wish to express my deep sense of gratitude to Dr. Shiva Kumar, Head, Department of Geology, Mizoram University and Dr. H. Thomas, Department of Applied Geology, Dr. Hari Singh Gour University, who were supervising me and trained me in research work. I am indebted to them for their love, keen interest, inspiration and fruitful suggestions during the whole phase of the research work.

I am happy to acknowledge Dr. S. B. Dwivedi, IIT, Banaras Hindu University, Varanasi for his strong enthusiastic encouragement, guidance and fruitful discussion in the beginning of my research, who inspire me to do research in the present field of Geology. Besides I am thankful to him for his guide, cooperation and assistance in the field work around Dumka, Jharkhand.

I express my deep thanks to Dr. V. Balaram, Scientist ‘F’, National Geophysical Research Institute (NGRI), Hyderabad for his kind consideration and arrangements for the analyses of all of my rock samples in the Geochemical Laboratory, NGRI. I also thanks to all the technical staffs and research scholars who helped me during the whole process of chemical analyses in the Geochemical Laboratory in NGRI, Hyderabad.

My thank also goes to Prof. K. P. Sarma, Department of Earth Sciences, Gauhati University, Guwahati for his support, fruitful discussion and suggestions during my research.
I appreciate the encouragement and support of all the faculties, technical and non-technical staffs in the Department of Geology, Mizoram University.

I am also very much obliged to all my research colleagues and dear friends in the Department of Geology, Mizoram University for their constant encouragement and moral support during the entire work.

I am deeply indebted to Mr. Laltlantanha Ralte, Field Assistant, Department of Geology, Mizoram University for his help and assistance during the field work in my study areas around Dumka town, District Dumka, Jharkhand.

Last, but not the least, my special thanks and appreciation goes to the local people of Dumka town and adjoining area, District Dumka, Jharkhand for their kind co-operation and assistance during the field work.

Date: .................., 2011
