ACKNOWLEDGEMENTS

It fills my heart with joy to express my deepest sense of gratitude and regards to Dr N.K. Mondal (Assistant Professor), Head of the Department, Department of Environmental Science, The University of Burdwan for his kind consent to take the huge responsibility to supervise my research work ignoring his herculean academic, and administrative work load. Without his encouragement, guidance and fatherly attitude, this thesis would not have materialized.

I do also acknowledge my deep sense of gratitude and indebtedness to Dr J.K. Datta, Professor and founder Head, Dept. of Environmental Science, University of Burdwan, West Bengal, for his valuable suggestions and constant encouragement during the entire research work.

It is indeed, a great pleasure for me to express my heartfelt gratitude to Dr A.R. Ghosh, Associate Professor of Department of Environmental Science, Dr S. Gupta, Assistant Professor of Department of Environmental Science and Mrs. S. Dutta, Department of Environmental Science, for their kind cooperation during the course work.

I express my thanks to Sankar Prasad Nag, Gobindya Baidya and Budhyadeb Mukhopadhyay for their continuous help.

I express thanks to Dr. Srikanta Chakraborty (USIC, The University of Burdwan) for recording the SEM photography.

I would like to thank to Pranjit Roy for his immense expertise formatting in my research manuscript.
I express my heartiest thanks to our senior scholar (Dr Arnab Banerjee) and also acknowledge with thanks to my research colleagues Chittaranjan Das, Kartick Chandra Pal, Biswajit Das, Palas Roy, Soumyo Chattaraj, Bikash Sadhukhan, Tapas Roy, Papiya Aditya and Goutam Paul and also my juniors (Tanmoy Baur, Kousik Das and Uttiya Dey) while carrying out laboratory experiments and analysis.

Apart from the self efforts, the success of this work would not have come out without blessings, generosity and encouragement of my parents. I really feel proud for them. I take the opportunity to express my gratitude to the people who have been instrumental in the successful completion of this thesis. During course of study many well wisher like my parents (Kanulal Bhaumik and Sandhya Bhaumik), my father-in-law and mother-in-law (Shyamapada Das and Padma Das), Dada (Subrata Das), Didi and Dadabhai (Susmi Nath and Shyamal Nath), sister-in-law (Mousumi Halder), mama (Shyama Prasad Bhattacharya), my friend (Dibyendu Dutta) and my husband (Sourav Das) constantly inspired me to complete the research work. I also express my deepest sense of gratitude and regards to them.
