ACKNOWLEDGEMENTS

I deem it a great opportunity to express my deep sense of gratitude to Dr. Surinder Singh Narta, Assistant Professor, Department of Commerce, Himachal Pradesh University, Shimla-5. Working under his supervision is a pleasant experience that cannot be translated in words. He is so profound and perfect in his knowledge and bearing that in one or two paragraphs it is just not possible for me to write about him. To me, he has been a source of inspiration for long, a light house from where my wandering barge took light to reach destination. His valuable guidance, suggestions, healthy criticism, clear directions, keen interest and underlying zeal which he exhibited in solving several intricate problems during the research work, in fact, resulted in completing the job. Whatever I could do in my study was certainly not possible without his initiating me in his branch of knowledge and supervision all through because he guided me with high Degree of intelligence, corrected with patience all shortcomings and suggested improvements and to whom all ideas of the thesis owe their origin. In fact, my heart overflows with gratitude for his ever meticulous care, patience and warm personal affection towards me which will always remain high in my mind.
I am extremely grateful and beholden to Prof. Bal Krishan, Chairman, Department of Commerce, H.P. University who is an erudite and charismatic personality, with obvious academic and research experiences who has always been a source of constant inspiration to me.

I acknowledge with a deep sense of gratitude and appreciation, the faculty members for their valuable comments and guidance during the course of this study.

I would also like to acknowledge the co-operation of Dr. Chander Shekhar Nadda, Research Officer, and Mr. Narender Sharma of Agro Economic Research Centre, H.P.
