ACKNOWLEDGMENT

I express my deep sense of gratitude to Dr. P.K. Das, Professor, Department of Mathematics, NERIST, Arunachal Pradesh, for his thoughtful guidance and encouragements throughout the development of this thesis. His valuable suggestions, logical questionings and the core interest on the topic made it easier to complete the task of writing the thesis. The co-operation rendered by the teaching and non teaching staff at NERIST, Arunachal Pradesh is thankfully acknowledged.

I would like to thank N. Deka, B. Gogoi, B.K. Dutta, Dr.S. Choudhury, Dr.K.R. Singh, Dr.U.K. Saha, C. Khanikar, M. Saikia, R. Medak and W.W. Chanu for their help, encouragement and valuable discussions during the preparation of this thesis.

I record my thanks for my mother, brother, sisters, brother-in-laws and nephews for their unstinting love, support and courage. I have no word to express my unfathomable appreciation to Mr. Sunil Agrawal and Mr. Shyam Sundar Pradhan for their generous help and lavish suggestions.
