LIST OF PAPERS PUBLISHED AND ACCEPTED

Antimicrobial activity of Nitrochalcone.
Proc. of 80th Ind. Sci. Cong. 1993

Synthesis and Biological activity of Nitropyrazoline.

Synthesis and Antimicrobial activity of 1,3-Thiazines.

Organophyisico study of some substituted chalcones and isoxazolines.
Acta Ciencia Indica (Under publication).

Spectrophotometric Investigation of conditional stability constants and confirmation of complex formation of Cu(II) complex with substituted chalcones and isoxazolines.
Acta Ciencia Indica (Under publication).

The studies in interaction between Co(II), Ni(II) and Cu(II) metal ions and substituted chalcones and isoxazolines of 0.1 M ionic strength potentiometrically and spectrophotometrically.
Indian Chemical Society (Under Publication).

Synthesis and Biological activity of Nitrochalcones and its related compounds.
