Whose struggle full life inspired me and paved the way for the perennial growth of my career and thus also contributed to the sublime cause of technical advancement in the field of Computer Science.
I tender my most sincere gratitude to my supervisor Dr. Amit Kumar Saxena Prof. and head Computer science and Information Technology department, Guru Ghasidas university Bilaspur (C.G.) for constant inspiration, valuable guidance, encouragement, enthusiastic supervision, which I was fortune of having to accomplish this work successfully.

It is my pleasure to express my grateful acknowledgement to Dr. M.F. Qureshi Sr. lecturer department of electrical engineering Kirodimal Polytechnic Raigarh (C.G.) who has given me lot of idea for writing research paper and encouraged me for doing research in computer science, he is the person who introduced me the concept of Fuzzy logic and Genetic Algorithm, I can not forget his inspiration and valuable guidance.

I deeply indebted to my wife Smt. Geeta Hota who constantly supported me to carry on this research work. I also indebted to my family member Shri Bihari Lal Hota, Smt. Premshila Hota, Shri N.P. Hota, Smt. Manjula Hota, Shri K.K.Hota, Shri G.S.Hota and kids Master Rishabh Kumar Hota (Son) and Ku. Shristi Hota (Daughter) and other family members who are my source of inspiration for doing this Research work.

My sincere thanks to Shri Himanshu Shekher Panda who has always supported me for doing write work at write time.

It is pleasure to express my grateful acknowledgement to Shri Bhaskar Sharma and Smt. Kamala Sharma for inspiring me to complete this research work.

HARI SHANKER HOTA
