Words of Thanks

It is a pleasant task to express my thanks to all those who contributed in many ways to the success of this study and made it an unforgettable experience for me. I thank God for this opportunity.

This dissertation would not have been possible without the guidance and help of several individuals who in one way and contributed and extended their valuable assistance in the preparation and competition of this study.

I am deeply indebted to my respected research guide, Dr. Kulbhushan Chandel, Associate Professor Himachal Pradesh University Shimla for the trust and the freedom bestowed on me throughout the study.
