ACKNOWLEDGEMENTS

In the course of my research work I was always helped and guided by the critical remarks of my leaned and esteemed supervisor Dr. J.P. Shukla, Head, Faculty of education, R.S.K.D.P.G. College, Jaunpur. The debt and respect I owe to him is so profound that formal thanks and gratitude cannot express them even partially. My demands on his time and energy were excessive, but he was always kind enough to be available for discussion and guidance.

The investigator expresses his deepest gratitude to Dr. S.P. Ojha Principal of this institution. For their valuable criticism and constant encouragement throughout the progress of this investigation.

The heavy obligation which the investigator ows to her father Late Dr. M.N. Yadav, Ex. Add. Director Health U.P., and mother who facilitated the work to the best cannot be expressed in words.

The investigator is highly obliged to Principals, Heads of institutions and several friends working in various institution for their help in the collection of data. She also records her hearty affection to all the testees.

At the end she is thankful to her expert typist Shri Aishwary Raj who with great labour and sincerity gave the finishing touch to the work.
