Acknowledgement

I thank the Almighty God for bestowing me strength and patience to work through all these years. Many people have contributed to this thesis in innumerable ways, and I am grateful to all of them. First of all, I reiterate my indebtedness to My Supervisor Dr. Sunil Kumar Gupta (Professor), Department of Commerce, Himachal Pradesh University Shimla for his guidance, painstaking efforts and constant encouragement to complete the study. Under his guidance I successfully overcome many difficulties and learnt a lot. I express my sincere thanks to all the faculty members of the commerce department for their kind help and co-operation during the period of study.

Family is a source of inspiration to one and my family was not an exception. When I was daunted by the amount of task before me, they provided me necessary encouragement to complete the work. Without their help, the present work would have been most difficult to complete.

I express my deep sense of gratitude to my well-wishers, friends and colleagues who encouraged me for completing this study. I do not want to weaken the bond of love by merely mentioning their names.

Needless to say, errors and omissions are mine.
