than 700-800 if not more companies in India who are the vendors are BSNL’s partners in their success or failure. Their survival depends upon the survival of BSNL.

BSNL must survive. It must be brought back as a profit making body, a thriving vibrant organization once again. The steps that BSNL had initiated and will be initiating in the coming years with the active support of government, the ministry, shall definitely achieve that.

7.5 SCOPE FOR FURTHER RESEARCH

A number of issues which cropped during the course of the study had been identified as important topics for future research. They are

2. The performance of BSNL may be compared with that of the other Service providers like Aircel, Airtel, Vodafone and the like in Tamil Nadu.
4. Job Satisfaction of the Employees of BSNL can also be studied in Tamil Nadu and India.

For taking such studies, the issues identified in the present study will provide a sound theoretical and analytical base. If the study helps the planners and researchers in this direction the purpose of the study would have found its fruition.
