Appendix II

Exhibit - 3

(Reserve Bank of India Circular No. AD(MA) No.1/1980)

List of items in respect of which commercial export credits may be offered by Indian exporter.

Capital and producer goods

Air Compressors

Air Conditioning, heating, cooling, fume extraction, dust collection, humidification and ventilation equipment for industrial use including blowers and exhaust fans.

Alcohol and brewery plant.

Aluminum plant and equipment.

Asbestos cement machinery.

Cement machinery

Cinematographic equipment for motion picture and television studies.

Chemical and pharmaceutical plant and machinery.

Cigarette making machinery.

Coffee processing machinery.

Coke oven plant and equipment.

Control and Process Instrument including X-Ray equipment for Industrial applications.

Copper ore concentration machinery.

Dairy equipment and animal feed plant.

Earth moving equipment like Crawler tractors, Shovels, Excavators, Loaders, dumpers, etc.

Edible Oil Mill Machinery and oil expellers.

Electric motors and pumps.

Electronic Data Processing equipment.
Fertilizer plant and equipment.

Flour, rice and dal mill machinery

Food processing plant.

Foundry equipment including mould making machinery, Sand and Shot blasting equipment.

Freight containers.

Garage equipment.

Gas and air separation plants.

Glass and Ceramic machinery.

Heat Exchangers.

Integrated Steel Plants (complete or in parts), mini steel plants (electric arc and reduction furnaces), Re-heating and heat treatment furnaces, Rolling Mills and other finishing lines for ferrous and non-ferrous metals.

Ice-making machinery.

Industrial boilers.

Industrial furnaces.

Industrial switchboards, control panels, circuit breakers, air break switchers.

Jute Machinery.

Leather tanning and processing machinery.

Machine tools.

Machinery for manufacturing – air conditioners, bicycles, corks, electrical goods, enamel-ware, hard board, metal containers, rades razor blades refractories and bricks, sewing machines, shoes, steel furniture, wires, wire-ropes and cables, etc.

Machinery for manufacturing any product figuring in Part - B of this Annexure, not specified separately in this Part.

Material handling equipment like fork lifts, electric lifts, cranes hoists etc. and conveyor systems.

Metal Working machinery.

Mining Machinery.
Motor vehicles and chassis, including three-wheelers.
Oil drilling rigs.

Oil refinery equipment.

Packaging and weighing machinery.

Pile foundation machinery.

Plastic machinery.

Power generation, transmission and distribution equipment including boilers, generators, transformers, switchgears, transmission line towards, conductors, cables, sub-station equipment and protective equipment.

Power station structures, hydraulic structures like penstock, gates and gearings, substations.

Power line carrier communication equipment.

Pressure vessels.

Printing and book-binding machinery.

Pulp and paper mill machinery.

Railway rolling stock including locomotives, wagons, coaches and trolleys.

Railway electrification equipment and structures and railway signalling equipment.

Rubber Machinery.

Road and construction equipment including road rollers, tar boilers, continuous batch plants, stone crushers, asphalt mixers, concrete mixers and vibrators.

Ships, boats, trawlers, steamers, launches, barges.

Solvent extraction machinery

Spraying equipment.

Steam, diesel and petrol engines.

Steel fabrication for bridges, factories, etc.

Steel rails and railway track equipment including sleepers, fishplates, points and crossings.

Steel shuttering and scaffolding materials.

Steel tanks.
Sugar (including Khandsari) machinery.
Telecommunication and signalling equipment.
Textile machinery.
Tractors and Trailers.
Vending machines.
Water supply equipment including pumping plant, large diameter fabricated steel pipes, C.I. spun pipes and storage tanks, water treatment and sewage treatment plant.
Weigh bridges.
Welding machinery.
Wood working machinery.

B : Other goods.

Agricultural implements.
Aluminium sheets, circles and rods.
Auto parts.
Batteries and accumulators.
Bicycles, motor-cycles, scooter, mopeds and parts.
Calculating and other office equipment including typewriter and duplicator.
Cutlery.
Domestic electric appliances.
Drop Forged and Hand tools, small and cutting tools.
Electric fans.
Electronic components.
Electrical measuring apparatus.
Ferrous and non-ferrous castings and forgings.
Fire fighting equipment.
Gas cylinders.
Hand-knitting machines.
Industrial fasteners.
Industrial valves.
Mathematical, drawing and surveying instruments.
Photographic equipment.
Pressure Cookers.
Public address equipment.
Radios and television sets.
Record players.
Refrigerators, air-conditioners and water-coolers.
Sewing machines.
Scientific instruments.
Steel pipes and tubes.
Steel wire ropes.
Steel doors and windows.
Steel furniture, safes, lockers and strong-room equipment.
Tyres and tubes.
Teleprinters.
Welded wire mesh for RCC work.
Watches and clocks.
Water heaters.
Wire woven industrial screens.
X-Ray and other electro-medical and other hospital equipment.

Note: The items included in the list are by way of illustration for the guidance of exporters. The Working Group may, on merits of each case, consider eligibility of other engineering goods which do not stand included in the list.
Exhibit - 4

List of items in respect of which pre-shipment credits may be given upto 180 days at ceiling rate of interest:

1. Hand knotted carpets.
2. Leather manufactures.
3. Coir products.
4. Agricultural products: (a) cashew (b) Tobacco
6. Engineering goods:

   i) Auto parts including fuel injection equipments.
   ii) M.S. Pipes and fittings
   iii) Iron & Steel castings
   iv) Hand tool, small tools and cutting tools
   v) Bicycle and bicycle parts
   vi) Wire ropes and wire products
   vii) Dry and storage batteries
   viii) Fasteners, all type
   ix) Electric fans and parts
   x) Entertainment electronic items
   xi) Builders hardware including locks and padlocks
   xii) Oil lamps and pressure stoves
   xiii) Water and sanitary fittings
   xiv) Pumps and pumping sets
   xv) Agricultural implements
   xvi) Scientific and surgical instruments including mathematical instruments
   xvii) Sewing machines and parts
   xviii) Wood screws
   xix) Public address equipments
   xx) Abrasives and grinding wheels
   xxi) Electrodes
   xxii) Forgings
   xxiii) Ball and roller bearings
   xxiv) Garage equipment
   xxv) Cutlery (Table wares)
   xxvi) Fancier Materials and components
   xxvii) Watches - time pieces and clocks.
GOODS ELIGIBLE FOR FINANCING

Following is an illustrative list of goods that are eligible for financing. Goods in Group A are eligible for term credit even beyond two years. Group B goods are eligible for credit up to a maximum of two years.

GROUP A
- Air Compressors.
- Air Conditioning, heating, cooling, fume extraction, dust collection, humidification and ventilation equipment for industrial use including blowers and exhaust fans.
- Alcohol and brewery plant.
- Aluminium plant and equipment.
- Asbestos cement machinery.
- Cement machinery.
- Cinematographic equipment for motion picture and television studios.
- Chemical and pharmaceutical plant and machinery.
- Cigarette making machinery.
- Coffee processing machinery.
- Coke oven plant and equipment.
- Control and process instruments including X-Ray equipment for industrial applications.
- Copper ore concentration machinery.
- Dairy equipment and animal feed plant.
- Earth moving equipment like crawler tractors, shovels, excavators, loaders, dumpers, etc.
- Edible oil mill machinery and oil expellers.
- Electric motors and pumps.
- Electronic data processing equipment.

Appendix II
Exhibit - 5
- Fertilizer plant and equipment.
- Flour, rice and dal mill machinery.
- Food processing plant.
- Foundry equipment including mould making machinery, sand and shot blasting equipment.
- Freight containers.
- Garage equipment.
- Gas and air separation plants.
- Glass and ceramic machinery.
- Heat exchangers.
- Integrated steel plants (complete or in parts), mini steel plants (electric arc and reduction furnaces), re-heating and heat treatment furnaces, rolling mills and other finishing lines for ferrous and non-ferrous metals.
- Ice making machinery.
- Industrial boilers.
- Industrial furnaces.
- Industrial switchboards, control panels, circuit breakers, air break switches.
- Jute machinery.
- Leather tanning and processing machinery.
- Machine tools.
- Machinery for manufacturing - air conditioners, bicycles, corks, electrical goods, enamelware, hardboard, metal containers, radios, razor blades, refractories and bricks, sewing machines, shoes, steel furniture, wires, wire-ropes and cables etc.
- Machinery for manufacturing any product figuring in Group B, not specified separately in this Group.
- Material handling equipments like fork lifts, electric lifts, cranes, hoists etc. and conveyor systems.
- Metal working machinery.
- Mining Machinery.
- Motor Vehicles and chassis, including threewheelers.
- Oil drilling rigs.
- Oil refinery equipment.
- Packaging and weighing machinery.
- Pile foundation machinery.
- Plastic Machinery.
- Power generation, transmission and distribution equipment including boilers, generators, transformers, switchgears, transmission line towers, conductors, cables, sub-station equipment and protective equipment.
- Power line carrier communication equipment.
- Power station structures, hydraulic structures like pen-stocks gates and gearings, sub-station structures.
- Pressure vessels.
- Printing and book binding machinery.
- Pulp and paper mill machinery.
- Railway electrification equipment and structures and railway signalling equipment.
- Railway rolling stock including locomotive, wagons, coaches and trolleys.
- Rubber machinery.
- Road and construction equipment including road rollers, far boilers, continuous batch plants stone crushers, asphalt mixers, concrete mixers and vibrators.
- Ships, boats, trawlers, steamers, launches, barges.
- Solvent extraction machinery.
- Spraying equipment.
- Steam, diesel and petrol engines.
- Steel fabrication for bridges, factories etc.
- Steel rails and railway track equipments including sleepers, fishplates, points and crossings.
- Steel shuttering and scaffolding materials.
- Steel tanks.
- Sugar (including Khandasari) machinery.
- Tele-communication and signalling equipment.
- Textile machinery.
- Tractors and trailers.
- Vending machines.
- Water supply equipment including pumping plant, large diameter fabricated steel pipes, C.I. spun pipes and storage tanks, water treatment and sewage treatment plant.
- Weigh bridges.
- Welding machinery.
- Wood working machinery.

GROUP B
- Agricultural implements.
- Aluminum sheets, circles and rods.
- Auto Parts.
- Batteries and accumulators.
- Bicycles, Motors-cycles, scooters, mopeds and parts.
- Calculators and other office equipment including typewriter and duplicator.
- Cutlery and domestic electric appliances.
- Drop forged and hand tools, small and cutting tools.
- Electric fans.
- Electronic Components.
- Electrical measuring apparatus.
- Ferrous and non-ferrous castings and forgings.
- Fire fighting equipment.
- Gas cylinders.
- Hand-knitting machines.
- Industrial fasteners.
- Industrial valves.
- Mathematical drawing and surveying instruments.
- Photographic equipment.
- Pressure cookers.
- Public address equipment.
- Radios, television sets and record players.
- Refrigerators, air-conditioners and water-coolers.
- Sewing machines.
- Scientific instruments.
- Steel pipes and tubes.
- Steel wire ropes.
- Steel doors and windows.
- Steel furniture, safes, lockers and strong-room equipment.
- Tyres and tubes.
- Teleprinters.
- Welded wire mesh for RCC work.
- Watches and clocks.
- Water heaters.
- Wire woven industrial screens.
- X-Ray and other electro-medical and hospital equipment.

Note:
The items included in the list are by way of illustration for the guidance of exporters. On merits the eligibility of other goods which do not stand included in the list may also be considered.
