ACKNOWLEDGMENTS

At the outset, I express my gratitude humbly at the lotus feet of the Lord of Lords, who guides every one of us always.

I extend my deep sense of gratitude to Prof. K. Hemachandra Reddy, Professor and Principal, J.N.T.U.A. College of Engineering, Pulivendula, Andhra Pradesh for his invaluable guidance, invariant support and encouragement during the course this work. He is the prime source of motivation to me throughout this work. His readiness to spare his valuable time, whenever I approached him for discussions has infused inspiration and confidence in me to carryout this investigation. With his meticulous planning Dr.K. Hemachandra Reddy has streamlined my vague ideas during each and every phase of this work.

I thank Prof. B. Umamaheshwara Gowd, Director of Academic and planning, J.N.T.U.A. Anantapur, Prof. V. Sankar, Principal, Prof. A. Anand Rao, vice-principal and Prof. K. Prahalada Rao, Head of Mechanical Engineering Department, J.N.T.U.A. College of Engineering, Anantapur for their encouragement cooperation and necessary help.

I copiously thanks to Sri T. Anand Kumar, Sri. Siva Nageswara Rao, Mr. Jake Morgan, CD-adapco, Bangalore, Mr. Gerald Smith,. CD-adapco U.S.A., for their indefatigable cooperation during the course of work, particularly in learning the CFD package STAR-CD.
I will be indebted to Sri. A. Sreekanth Gowd, Sri. D.R. Srinivasan and Dr. B. Chandra Mohan Reddy for their cooperation in working together to learn the CFD package.

I owe my gratitude to faculty in mechanical engineering department Dr. V. Pandurangadu, Dr. K. Govinda Rajulu, Dr. G. Prasanthi, Dr. B. Durga Prasad, Sri M.L.S. Devakumar and Sri. M. Yohan for their incessant moral boosting encouragement during this period.

This is major milestone in my life, for which I wish to thank my Father, Mother, Brothers, Sisters, Father-in-law, Mother-in-law, Brother-in-laws and Sister-in-laws without whom this would not have been possible. Their unconditional love and constant support over the years is something that I cannot thank them enough for.

I express my appreciation to my wife Smt. M. Revathi for her cooperation, encouragement and care towards my health and my life. I thank to my son M. Arun Theja Reddy and daughter M. Akhila Jyothi for providing me relief, in times needed, with their humorous activities.

Last, but not least, I thank all my colleagues and friends for their dedicated support during my research work.
