ACKNOWLEDGEMENT

In the name of Allah, the most gracious, the most merciful

اَقْرَأْ بِﺎسْمِ رَبِّكَ الَّذِي خَلَقَ ﴿96:1﴾ خَلَقَ الْإِنسَانَ مِنْ عَلَقٍ ﴿96:2﴾ اَقْرَأْ وَرَبِّكَ اَلْأَكْرَمُ ﴿96:3﴾ اَلَّذِي عَلَمَ ﱡبِالْقَلمَ ﴿96:4﴾ عَلَمَ الْإِنسَانَ مَا لَمْ يَعْلَمَ ﴿96:5﴾

“Read in the name of your Lord, who created man from a clot of congealed blood. Read and your Lord is most generous, who taught by pen, taught men what he did not know.” The first thing revealed to the Messenger to mankind was a command to read and that we must do so in his name. I thank God for bestowing me with the power to read, write, and understand and for guiding me in the right direction.

I offer my sincerest gratitude for my revered and esteemed supervisor Prof. M.Z. Abdin, Dean, Faculty of Science, Jamia Hamdard who gave me invaluable guidance and freedom to plan and execute my experiments. He helped to widen the horizon of my knowledge and inculcated the spirit of patience and dedication to the purpose. In the course of time, I realized that a proper blend of his apparent toughness and firmness with soft and compassionate attitude has been instrumental in transforming me in to a better human being. Thank you so much sir for being so stirring and supportive.

I empathetically owe my sincere thanks to Prof. S.K. Jain, Head, Department of Biotechnology for his considerable encouragement and blessings.

I am gratified in paying my earnest thanks to Prof. P.S. Srivastava for being so considerate and supportive during the course of my research.

I am highly grateful and thankful to Dr. Farhat Afrin, Dr. Sandeep Das, Dr. Humaira Farooqi and Dr. Saima for providing continuous support in this study.
A word of appreciation is owed to Mr. Anish Cherian, Ms. Noor Fatima and Ms. Sarika for being a constant helping hand, through my PhD.

I am highly indebted to express my genuine thanks to Dr. Salim Khan and Dr. Tayyab, for understanding me and helping me to craft myself better. Thanks a lot for your rousing attitude.

I am obliged to Dr. Nadeem, Dr. Akmal, Dr. Mather Ali Khan, Dr. Maujiram Tyagi and Dr. Prabhakar Jha for all time encouragement and support during the complete course of study.

A word of thanks is due to my colleagues at Centre for Transgenic Plant Development, Mr. Anis Mohammad, Ms Usha Kiran, Mr. Pravej Alam, Mr. Mobeen Ahmed, Mr. Athar Ali Khan, Ms. Sabiha Sumbul, Mr. Ajaz and Ms. Manu Saini for their perspective co-operation.

Special thanks is owed to my dear friends and labmates Dr. Tazyeen Nafis, Ms. Seema Ahlawat and Ms. Parul saxena for being a constant support and helping me to deal with the thick and thin of research life. The precious times spent together, throughout the tenure of PhD are truly invaluable and treasure for the lifetime.

It would not have been easy without the caressing attitude of my friends Ms. Mehnaz, Mr. Javed, Ms Lubina, Ms. Noor, Ms.Nazar, Ms. Aqeela, Ms. Nazia and Ms. Saba during the complete course of study. Thanks alot for supporting me with your generous help and genuine suggestions all throughout.

A special word of thanks is also due to Ms. Irum Gul, for being a support during the compilation of my thesis.

I must not forget to acknowledge Mr. Imtiaz and Mr. Fayyaz for being a helping hand during my experimental work.
A special word of regard to my Late Abba and Nana Abba. It’s their precious blessings and generous advices that have crafted me into what I am at present. I only wish if they could watch me making their dreams come true.

Much is owed to Nani Amma and Dadi Amma, whose constant and sincere prayers brought fruitful results for me in the best possible way. My entire family has undoubtedly been truly encouraging and I sincerely thank each one of them for their everlasting support. Thanks a lot for showering your valuable blessings over me.

I feel short of words to express my heartfelt gratitude to Mamma, Papa and my beloved brother Mohthasham. It is their true love, noble guidance and sincere efforts that shaped my life. Thanks a lot for inculcating the confidence within me. I owe them everything far more than mere words of thanks.

A word of gratitude is also due to my father in law, mother in law and my lovely sister Henna for their genuine love and encouragement to carry out the entire work. It was their blessings and encouragement that helped me complete this work in a better way.

A special thanks from the core of my heart to my best friend and my fiancé, Mr. Ubaid-ur-Rehman for just being there with me always. Thank you for devoting your valuable time for finding solutions to my problems and helping me in all the possible ways. This journey would not have been possible without you. Thanks a lot for being a constant source of inspiration.

The financial assistance from CCRUM in the form of SRF is gratefully acknowledged.

In the end, I would like to thank each and everyone who have rallied around in making this thesis a successful and enjoyable experience for me.
