ACKNOWLEDGEMENT

The author is deeply indebted to Dr. M. K. Rudra Warier, Deputy Director of Collegiate Education, Ernakulam and Dr. T. R. Ananthakrishnan, Head of the Department of Physics St. Paul's College, Kalamassery, for their encouragement at various stages of the research work. The research work got emboldened only because of the immense help and spontaneous guidance that the author got from them. The work never could have been materialised without their steadfast attention to details and to schedules. The author wishes to express her sincere thanks to them with gratitude for their effective contributions.

The author wishes to express her sincere thanks to Dr. K. Babu Joseph, Hon'ble Vice-Chancellor, Cochin University of Science and Technology for his valuable suggestions and discussions at various stages of the work.
The author also sincerely desires to thank Sri. P. Renjith Mohankumar - Research Scholar of the Maharajas College, Ernakulam, whose constant help and co-operation in shaping the thesis and also getting it neatly framed.

Special thanks are also due to Prof. N. Radha, Head of the Department of Physics who was a source of inspiration and encouragement to the author in her endeavours.

The author also wishes to express her thanks and gratitude to the authorities of I.I.Sc., Library, Bangalore, the authorities of Mahatma Gandhi University Library and the Cochin university Library for their valuable help.
