Acknowledgment

I am deeply indebted to my Guide Dr. Smita S. Karve for her constant encouragement, support and guidance during the course of this research work. Her endless patience and invaluable suggestions were a great source of strength for me. It scarcely needs saying that without her support and encouragement this thesis could never have been written. Her trust in me is what made this thesis possible and I am eternally grateful to her for it. Like her is also my Co-ordinator Dr. Sunil Jangid who during my stay at University Campus fed me almost regularly and displayed all possible goodwill and blessings for me.

I am grateful to Prof. (Dr.) D. D. Agarwal - Vice Chancellor, Dr. Vinod Tibarevala - Chancellor, Shri Jagdish Prasad Jhabarmal Tibrewala University, Rajasthan, Mr. P. Gopinath, Personal Secretary to Chancellor for giving me the opportunity to work on the present problem by approving my topic. Besides, I am also thankful of Dr. Sunil Jangid, and Dr. Sanjay Madaan, Coordinators (Research), Shri Jagdish Prasad Jhabarmal Tibrewala University, (Rajasthan), who helped me at various steps during my research work.

Immense help, cooperation and warm reception is received from the librarians, Staff and members of managing committees of most of the libraries visited. The work could not be done without their help.

I am very much grateful to my husband Mr. Ajay Bansal and both my children along with my other family members and friends, without whose moral support, it was not possible for me to complete this work.

Last but not the least I am extremely grateful to my parents who were always a source of joy and inspiration to me. They were always at my side in all stages of my life.
Thank you Mother!
Thank you Father!
