

Acknowledgment

I take this opportunity to express my deep sense of gratitude to my research guide, Dr. B. G. Hazra for his excellent guidance and constant encouragement throughout my work.

I would like to thank Dr. K. N. Ganesh, Head, Division of Organic Chemistry (Synthesis) for his constant encouragement. Thanks are due to Dr. Mrs. V. S. Pore, Dr. P. L. Joshi, Dr. B. B. Bahule, Dr. N. P. Argade and Dr. M. D. Chordia for their valuable suggestions and help during this work. I would also like to express my gratitude to Dr. A. Sarkar, Dr. T. Pathak and Dr. B. M. Bhawal for their helpful suggestions whenever needed.

Help from the Spectroscopic, Microanalytical and Library group is gratefully acknowledged. I am thankful to Dr. B.N. Vyas and Dr. V.M. Ramraj, Godrej Agrovet Ltd. for the bioassay of hexanorbrassinosteroid. Thanks are due to Dr. P. Chakraborty and Mr. Debnath Pal for solving the X ray crystal structure of a new mifepristone analogue.

Special thanks are due to my colleagues, T. Pavan Kumar and Sanjib Pal Chowdhury for maintaining a cheerful atmosphere in the lab. Thanks are due to Mr. P. S. Khandekar for his help in day to day laboratory maintenance. Many thanks are due to my friends Malay, Binod, Jayaraman, Sanjay, Rasidul, Surojit, Nepu, Tomal, Debasish, Manas, Ravi, Partho, Trushar, Srirajan, Vipul, Kumaran, Tandel, Gopal, Rajeev, Vasant, Adin, Soumen, Sukhen, Tapan, Anil, Karuna, Vandana, Subarna, Krishanu, Tanaya, Tilu, Sunil, Indra, Brahma and Bodhi for their cheerful company.

I would like to thank Prof. Amalendu Banerjee, Jadavpur University, for his constant encouragement.

Thanks are due to my family members for their support and encouragement throughout my education.

Finally I am grateful to the CSIR for the financial assistance and the Director, NCL, Pune, for permitting me to submit this work in the form of a thesis.

(SOURAV BASU)
