PUBLICATIONS
Patents:

2. K.Ramakrishna, B.Venkata Sasidahr, Novel small molecules of 5-sulfonamide-pyrimidine-2,4(1H,3H)-dione derivatives as anti-HIV agents. Indian patent application No: 5135/CHE/2015, Publication date: 13.11.2015

Journal publications

5. Synthesis and biological evaluation of some new 5-sulfonamide-pyrimidine-2,4(1H,3H)-dionederivatives as active anti-HIV and anti-cancer agents (Part 1) Bioorganic and medicinal chemistry (Communicated)

6. Synthesis and biological evaluation of small 5-sulfonamide-pyrimidine-2,4(1H,3H)-dione derivatives as active anti-HIV and anti-cancer agents. (Part 2) Bioorganic and medicinal chemistry (Communicated)
