in-law Dr. & Mrs. Jayarani Ramakrishnan, for their constant emotional support in affording me the benefits of their matured experiences.

I would like to extend my special recognition to my granddaughters Miss. Sriharini and Srisneha daughters of Mr. & Mrs. Pushpavalli Madhavan of Singapore for their abundance in sharing their up-to-date knowledge in preparing the project.

I thank my father Dr. K. Narayanasamy and mother Mrs. Komalavalli for showering their blessings from heaven in the successful completion of this project.

The ever eluding zenith of scholastics excellence is tied not only with the indefatigable and enthusiasm, but with the patronage and inspiration he receives from a variety of experts from different fields that actually serve as spring board of success. I thank all of them including many unnamed for their direct and indirect advice and encouragement. Finally I thank the Lord Almighty who is the giver of knowledge and wisdom.
